Please attach a copy of a plat of survey of your property, or provide sketch on backside and indicate thereon the approximate location of tree(s) impacted by the activity. Please indicate and label Tree Replacements and/or areas of Tree Protection.

Please check if any of the following apply:

- Tree is dead
- Tree is dying / diseased / storm damaged
- Tree interferes with proposed public improvements or dangerous proximity to power lines
- Tree interferes with free passage and clear view along street, sidewalk, or path at any street or intersection
- Removal of the tree will enhance the health of the remaining trees within the immediate vicinity
- Removal of the tree will avoid or alleviate an economic hardship on the property or residence

To expedite consideration of this application, please attach a more detailed explanation of the above noted reason for the proposed tree removal. In certain instances it may be advisable to have a professional Forester prepare the explanation as to why the tree requires removal.

Note: If approval of this application is granted, you may be required to replace the tree with one or more trees (each of which shall have a diameter of not less than two and one-half inches). The Village requires a tree deposit of \$350.00 per replacement tree. For tree planting replacement information, please call the Village Arborist, Shawn Walkington at 847-540-1696.
