RE: Proposed FY 2016B Annual Budget

Dear Mayor Poynton and Trustees:

Please find for your review and consideration the proposed FY 2016B Annual Budget covering the period of May 1, 2016 through December 31, 2016. The budget covers an eight (8) month fiscal period, as the Village transitions to a calendar-based fiscal year starting January 1, 2017.

The annual budget is a policy document that sets the financial direction for the Village and defines the service priorities for the community. It is the culmination of months of effort by the Village staff to align finite resources to the Village's strategic goals and the delivery of essential public services. The budget process provides the opportunity to evaluate past operational performance, monitor progress toward the Village's strategic goals and explore new opportunities.

This budget is presented as a balanced operational plan for the upcoming fiscal period. The Village enjoys a stable financial position while providing excellent services to its residents and businesses, primarily due to the Village's organizational and financial restructuring efforts over the past couple of years. With a solid foundation, the Village is poised to both capitalize on emergent opportunities and weather unexpected challenges.

The budget for FY 2016, which covered the period of May 1, 2015 through April 30, 2016, was approved with a modest revenue surplus. The budget had included a one-time revenue source of \$500,000 in the General Fund for the sale of property, which was not sold as planned. Staff adjusted to this change through savings in salaries and operating expenditures, while still being able to purchase the majority of budgeted capital items and allocate some additional funds towards upcoming equipment purchases. At this time, the Village is expected to close FY 2016 with a surplus of approximately \$62,000 for the General Fund, which will be added to the General Fund reserve.

The proposed FY 2016B Budget shows a projected operating surplus of \$37,300. The difficult budgetary decisions of the past, coupled with an improving economy, a stronger revenue base, and increasingly

efficient operations, have contributed to the positive fiscal condition. By restructuring the Village's TIF districts and associated debt, the general fund has been relieved of an additional \$700K to \$1.3M in annual contributions to the TIF district. The Village's TIF areas are now well positioned to take advantage of new redevelopment opportunities, which will both enhance the downtown and accelerate the retirement of the Village's debt obligations.

FY 2016B BUDGET CHALLENGES

The Proposed FY 2016B Budget was developed with, among others, the following critical challenges in mind:

- 1. Impact of State of Illinois Fiscal Crisis:** Lake Zurich, as well as all other units of local government, continue to operate under the cloud of the State of Illinois' fiscal crisis. The absence of a state budget generates instability and anxiety, particularly in the minds of potential investors, resulting in increased borrowing costs and cash flow challenges. The Village remains vigilant for any executive or legislative actions that would impair local decision making authority or divert local government revenues to solve the State's own problems. Threatened reductions to the Local Government Distributive Fund (LGDF), the local share of the income taxes collected by the State, could result in cuts to basic police, fire or public works services, increased taxes or a combination of both. As in the past, the Village will continue to hope for the best but prepare contingencies for less favorable scenarios.
- 2. Ongoing Pension Obligations:** The Village's required contributions to police and fire pensions continue to increase to satisfy statutory and actuarial requirements. Just seven years ago (FY 2009) the Village's annual police and fire pension contributions were \$600K. In FY 2016B, contributions for police and fire pensions are projected to be \$3.48M. Facing a 2044 requirement for police and fire pensions to be fully (100%) funded, our police and fire pensions currently are 44% and 56% funded respectively.

The Village remains committed to fulfilling its pension obligations, though funding levels will continue to be vulnerable to potential economic downturns, new state mandates and regulations, and unexpected retirement or permanent disability claims. The Village's risk management and personnel safety efforts have yielded a 99% decline (\$1.4 million in 2010 versus \$18,148 in 2015) in disability claims, reducing the potential burdens of permanent disability claims on the pension funds. The Village will continue to invest in programs that encourage employee safety and long-term health, while working toward the required pension funding levels.

- 3. Lack of Sustainable Funding for Critical Capital Needs:** The Village maintains a Capital Improvement Plan that lays out a schedule and projected costs for replacing the Village's vehicles, equipment and infrastructure. The *Pavement Management Program*, presented last year, calls for annual road resurfacing and maintenance funding of \$2.2M. The FY 2016B Budget includes \$1.9M in funding, short some \$300K from the recommended amount.

In 2014, Staff also reviewed the Village's long term vehicle and equipment needs and presented a *Vehicle Replacement Program* to the Village Board. This plan provides an overview of our age and condition of our equipment and recommends an annual funding level of approximately \$850,000. The FY 2016B Budget includes \$223k for vehicle and equipment purchases, plus

advance funding of an extra \$250k as we prepare for upcoming large ticket items such as a fire engine (\$500k) in the coming years.

In the absence of a sustainable, designated funding source for capital replacement, the Village will start losing ground in the replacement of aging infrastructure and equipment, resulting in increased short-term repair bills, more frequent service interruptions and ultimately greater total costs.

As noted earlier, this budget covers a shortened fiscal year of just eight (8) months. Staff carefully prepared a budget that prorates the Village's revenues and expenditures from May through December. Due to the timing of distributions, the Village will receive a full year of property tax revenue in the shortened year and have accordingly planned for a full year of contributions to the Police and Firefighters' Pension Funds. Some services are seasonal, such as many of our park programs, and have been fully funded for the year, while others are funded proportionally for the year. Some revenues, such as business licenses, will not be received until the following 2017 budget year. This has made comparability difficult, but staff diligently analyzed all requests to ensure the most accurate amounts possible.

BUDGET SUMMARY

The Proposed FY 2016B Budget totals \$37.6M, which reflects a decrease of \$13.8M or 27% from the current fiscal year's budget. If expenditures were divided equally over eight (8) months instead of twelve (12), you would hope to see around a 33% reduction. Departments were directed to continue to hold or reduce contractual and commodity costs and only those cost increases in which the Village was contractually or legally obligated were included in the proposed budget.

Total revenues and other financing sources are expected to be at \$36.7M for FY 2016B, a decrease of \$9M or 20% over the current fiscal year's budget. No significant one-time revenue sources have been included in the budget for 2016B. With the instability of the local and national economy and the current threat from the State of Illinois to reduce state shared revenues, our approach is to continue to budget conservatively on revenue estimates.

Fund Type	Projected Beginning Fund Balance	Revenues & Other Sources	Expenditures & Other Uses	Excess (Deficiency)	Projected Ending Fund Balance
General	\$ 9,722,585	\$21,614,885	\$21,577,604	\$ 37,281	\$ 9,759,866
Special Revenue	7,074,260	2,007,986	1,936,555	71,431	7,145,691
Debt Service	(473,076)	3,432,737	2,612,989	819,748	346,672
Capital Projects	1,911,870	2,078,093	2,317,150	(239,057)	1,672,813
Enterprise	40,819,497	3,725,997	5,889,197	(2,163,200)	38,656,297
Internal Service	1,462,485	3,845,171	3,249,830	595,341	2,057,826
Total – All Funds	\$60,517,621	\$36,704,869	\$37,583,325	\$ (878,456)	\$59,639,165

BUDGET HIGHLIGHTS

General Fund: The General Fund is the Village's main operating fund and accounts for all revenues and expenditures associated with the Village's operations. Expenditures and other financing uses in the General Fund for the Proposed FY 2016B Budget total \$21.6M, a decrease of 22% over the current fiscal year's budget. Revenues for FY 2016B are expected to also total \$21.6M, a 22% decrease over the current fiscal year's budget. Projected year-end revenue for the current year is \$27.3M. In total, a surplus of \$37,281 is projected for FY 2016B.

If adjusted for an annual basis, General Fund expenditures remain fairly stable. Savings from staffing vacancies have provided some temporary relief for the current year and opportunities for additional savings and reorganizations in the future. Insurance costs continue to rise based on claims activity and industry rates. Staff has been working tirelessly to mitigate cost increases where possible.

General government expenditures are showing a 28% decrease; Public Works (Highway and Streets) is decreasing 31%. Even with full contributions to the pension funds, both Police and Fire are decreasing overall, with 17% and 25% reductions respectively. Recreation spending is projected at a 17% decrease due to the timing of many of the program offering being during the summer months. Finance is projecting a decrease of 24%. One of the annual costs that could not be prorated was the auditor expense, causing a smaller decrease for the year than may have been anticipated.

Motor Fuel Tax (MFT): Motor Fuel Tax funds are primarily used for roadway improvements and other capital expenditures related to roadways. MFT revenues for FY 2016B are projected to decrease 30% from FY 201B Budget to \$340K. While in the past, the village has received additional funds from the *Illinois Jobs Now* payment and additional capital funding from the State of Illinois, these programs are no longer active and communities are relying on straight tax distributions for Motor Fuel Tax Fund revenues. Forecasted revenues include a conservative one percent (1%) increase over the disbursements from the same months the prior year. Expenditures are projected to decrease from the current fiscal year budget of \$585K to \$339k for FY 2016B. The current year is expected to close with a deficit of \$81K, which is about \$17k better than had been anticipated for the current budget. FY 2016B is projected to close with a small surplus of \$970, bringing the FY 2016B ending fund balance to \$1.9M.

Special Events Fund: The current year marks the first year of the Special Events fund, creating to better track resources and costs of the various special events sponsored by the village throughout the year. The Village Board and staff have committed to fostering civic pride through community participation, demonstrated through several community events that have been developed and or expanded in the past year. Major events such as Rock the Block, the Fourth of July festival, and the Farmers Market will now be budgeted in this fund, to name a few. Revenues of \$90K are expected to be generated directly from the events and transfers in of \$165K are budgeted from the General Fund (\$115K) and the Hotel Tax Fund (\$50K for the Fourth of July). Expenditures are expected to be \$237K for the various special events. As all the large events in this fund are held outdoors, a small surplus has been built in to the budget to account for any reductions in revenues due to bad weather.

Tax Increment Financing (TIF) Funds: The Village TIF funds account for the receipt of taxes, payment of the annual school impact fee, the debt service, and previously, some capital projects. With the creation

of the new TIF #2 for the downtown area, several items have been shifted from TIF #1 to TIF #2. For example, rental income for village owned properties in the TIF district is now part of TIF #2. The debt remains with TIF #1 and the corresponding debt payments. Land held for resale purposes, valued at about \$4.8M, is included in the fund balance of TIF #2.

TIF #1 revenues for fiscal year 2016B include an estimate of \$1.19M in TIF increment property taxes, a full year's distribution. The current fiscal year, the first distribution after splitting the TIF, came in at \$1.18 M for the year. For expenditures, the TIF #1 funds include an estimated \$480K for the annual impact fee to School District 95 and \$1.5M in debt service payments. With the debt restructuring completed April 2015, debt service payments for the year have dropped by \$1M, saving the General Fund from contributing additional funds to support debt service. Total expenditures are \$2.7M for the TIF #1 funds.

TIF #2 will receive the first distribution of increment property taxes during 2016B, estimated at \$75k. Rental income from village owned properties in the district, as well as a small amount of interest income, brings the total revenue budget for 2016B to \$138k. Expenditures are proposed for \$90k, with amounts for environmental cleanup, property enhancement incentives and building improvements, all expected to increase the value of the TIF district and encourage development.

Capital Projects Fund: The Capital Projects Fund accounts for expenditures related to capital projects and relies on intergovernmental revenues and transfers from other funds (i.e. General Fund) to fund projects. There is no designated revenue source for this fund. The Proposed FY 2016B Budget includes revenues and other financing sources of \$674K and total expenditures of \$207k, showing a surplus of \$467k for the year. The village has identified several large capital projects coming up in the next few years through the Capital Improvement Plan. The surplus for 2016B is to provide advance funding for these projects, minimizing the impact on the General Fund in 2017 and 2018. This fund will need an influx of funding in future years to be sustained.

Non-Home Rule Sales Tax (NHRST) Project Fund: The Non-Home Rule Sales Tax (NHRST) Project Fund was created in FY 2012 to account for proceeds raised from the levy of a new non-home rule sales tax to fund infrastructure improvements. The use of these funds is restricted and not all capital projects are eligible. The Proposed FY 2016B Budget includes revenues of \$1.4M, a decrease of 32% over the current fiscal year's budget, attributable to the shortened fiscal year. Expenditures of \$2M are included for the FY 2016B budget, a decrease of 22% over current fiscal year's budget, primarily to fund the village's annual road resurfacing projects for \$1.9M and a small amount for stormwater improvements. The NHRST Fund projects a FY 2016B year ending fund balance of \$608K.

Water & Sewer Fund: The Water & Sewer Fund is an enterprise fund accounting for all revenues and expenditures related to the production, distribution, and collection of the Village's public water supply and sanitary service. The current budget includes a rate increase of 5% to take effect on May 1, 2016, adopted by the Village Board April 2015. The rate increase helps to sustain the fund, however it does not provide sufficient funding for all of the system improvements that will be necessary. Bond proceeds in the amount of \$3.8M were received during FY 2014, which were depleted during the current fiscal year. A sewer line collapse redirected about \$1M of the bond proceeds due to the emergency nature of the repairs. The balance of bond funds was used to start the sewer segment lining project, which is expected to be completed during FY 2016B for about \$3.2M in total. The Proposed FY 2016B Budget includes revenues and other funding sources to total \$3.7M with expenditures of \$5.9M. In addition to drawing

down reserves, staff anticipates a bond issuance in FY 2016B to recoup funds lost due to the sewer line collapse. The FY 2016 year end working capital is projected to be just \$496k without a bond issuance.

REVENUES

The Proposed FY 2016B Budget includes no new major revenue sources. A modest increase in the property tax levy has been included (used to fund an increase in police and fire pension contributions) as has the previously approved water rate increase (see above).

Property Tax: Property taxes are the taxes levied on the equalized value of real property in the Village and continue to be the Village's largest source of revenue. Property taxes are utilized to fund general Village operations and pension obligations. The Proposed FY 2016B Budget includes property tax revenue in the General Fund of \$3.9M for village purposes and \$3.5M for public safety pensions. The amount previously identified as "Corporate Purpose" has been shifted to the "Police Protection" and "Fire Protection" line items. Additional property taxes are recorded in the Debt Service Fund for \$1.6M to fund debt service payments.

Purpose	2014 Extension	2015 Levy	\$ Increase / (Decrease)	% Change
General Fund				
Ambulance Services	\$ 150,282	\$ 157,794	\$ 7,512	5.0%
Corporate Purpose	1,930,777	125,743	(1,805,034)	-93.5%
Fire Protection	679,993	1,560,558	880,565	129.5%
Police Protection	679,993	1,560,558	880,565	129.5%
IMRF	202,503	333,142	130,639	64.5%
Sub-Total Capped Levy	3,643,548	3,737,795	94,247	2.6%
Special Recreation	180,003	180,000	(3)	0.0%
Total General Fund	3,823,551	3,917,795	188,491	2.5%
Pension Funds				
Police Pension	1,445,005	1,564,453	119,448	8.3%
Fire pension	1,905,501	1,911,342	5,841	0.3%
Total Pension Funds	3,350,506	3,475,795	125,289	3.7%
Debt Service	1,620,087	1,623,137	3,050	0.2%
Total Levy Request	\$8,794,144	\$9,016,727	\$ 316,830	2.5%

*2014 Levy is payable by taxpayers in 2015

Telecommunications Tax: The telecommunications tax has been a declining source of revenue for municipalities the past several years due to consumers abandoning land lines in favor of cellular service, which is typically more affordable in regards to long distance calls. The tax receipts took a large reduction starting with FY 2013, as it was discovered via a court case that a major provider was collecting the tax incorrectly. Municipalities were ordered to refund revenues and future receipts were reduced. Projected revenue for FY 2016 is expected to fall just short of the FY 2016 budget. Proposed FY 2016B Budget includes telecommunications tax receipts of \$547k, a reduction of 4% per month over last year's receipts.

Sales Tax: Sales taxes also represent a significant source of revenue for the Village and are utilized to fund general Village operations. Current year receipts are expected to come in at \$6.74M compared to the budget of \$6.79M. Current year receipts have varied greatly over previous years, partly attributable to construction on Rand Road during the spring and summer. The Proposed FY 2016B Budget includes sales tax revenue of \$4.7M, with modest increases of just 0.5% per month over the current year receipts.

Income Tax: The Village's share of the state income tax in FY 2016B is projected to be \$1.4M, a 29% decrease from the current fiscal year budget due to the shorted eight (8) month budget. The revenue source has been seeing consistent growth lately, with the current year receipts expected to be about \$177k above budget. This growth is following the current trend and signals a recovering job market. Conservative estimates have been planned for 2016B, with modest increases of just 0.5% per month over the current year.

DEBT

One of the continuing fiscal issues facing the Village is the outstanding debt obligations. Total outstanding debt principal at the start of the 2016B fiscal year will be \$33M. Of this debt, \$25.4M is associated with TIF District #1 as general obligation bonds. As noted earlier, the recent TIF extension granted for the Village's downtown TIF district will provide cash flow relief to the general fund to the tune of \$700K to \$1.3M annually over the course of the next couple of years.

	Principal Balance May 1, 2016	Additions*	Reductions	Principal Balance December 31, 2016
G.O Bonds	\$ 1,885,000	\$ 1,076,000	\$ (1,076,000)	\$ 1,885,000
G.O. TIF Revenue Bonds	25,375,000	-	(625,000)	24,750,000
Water & Sewer G.O. Revenue Bonds	3,390,000	-	(400,000)	2,990,000
Water & Sewer IEPA Loans	2,444,242	-	(183,448)	2,260,794
Total Principal	\$ 33,094,242	\$ 1,076,000	\$ (2,284,448)	\$ 31,885,794

*The only additional debt included for the fiscal year is the annual issuance of the short-term bond, payable within three months. The amount will likely be around \$1.08 M. The amount needed for Water and Sewer funding has yet to be determined and has not been included in the budget.

FUND BALANCE FOR THE GENERAL FUND

The Proposed FY 2016B Budget will not require drawing down the fund balance of the General Fund in order to present a balanced budget. Our better-than-expected budgetary performance for this fund resulted in a projected FY 2016 surplus of \$62K, added to the projected surplus of \$41,680 for 2016B brings the fund balance to \$9.76M. Of this amount, an estimate \$8M will be unreserved, representing 29% of next year's annual expenditures. The Village's fund balance policy is 20% for the General Fund.

While above the fund balance policy, it is important to remember that fund balance is not equal to cash available for expenditures. Projected ending cash for FY 2016B is \$5.8M.

PERSONNEL

As a service organization, our employees are our greatest asset as they work hard every day to ensure that our mission of providing reliable and efficient services is fulfilled. However, personnel costs represent, as in any municipal budget, our greatest expenditure. Thus, we must work to ensure that the compensation and benefits provided to our employees strikes the appropriate balance between rewarding their hard work and dedication to the organization and being fiscally responsible in light of our budget challenges. We must also properly organize the structure and work of our employees to maximize their individual effectiveness.

The Proposed FY 2016B Budget includes several changes to the authorized full-time position compliment. One part-time position for Finance has been increased from PT status to FT status, the receptionist position. Police has added a dispatcher position to provide better coverage with the growing customer base for dispatch services. A second recreation manager has been reinstated for Park and Recreation to absorb the duties now placed on that department. With dividing Community Services into two departments, Community Development (for planning, building and zoning) and Public Works, several staff positions were reorganized, including eliminating the Community Services Director position which will be vacant as of April 2016. Overall, the authorized full-time count is proposed to increase by one position.

	FY 10 Budget	FY 11 Budget	FY12 Budget	FY 13 Budget	FY 14 Budget	FY 15 Budget	FY 16 Budget	FY 16B Budget

ACKNOWLEDGEMENTS/ CONCLUSION

The preparation of the annual budget would not have been possible without the diligence and collaborative efforts of our department directors. In particular, the budget is the product of the professional and thorough work of a small team of staff. Particularly in this time of transition, Chief Steve Husak, who served as Interim Budget Officer, and Finance Director Jodie Hartman were integral players in pulling together this budget, along with the assistance of Innovation Director Michael Duebner, Management Analyst Kyle Kordell and the staff of the Finance Department.

The proposed FY 2016B budget continues the Village's commitment to providing a high level of service to residents, businesses and guests, while responsibly managing the resources entrusted to the Village. The proposed budget advances the community's strategic goals, particularly in the areas of financial and service sustainability.

On the behalf of the Village Staff, I am proud to submit this balanced FY 2016B Budget to the Mayor and Board of Trustees and recommend its approval as presented. Should you have any questions about the information presented in this document, please contact me or Finance Director Jodie Hartman at Jodie.Hartman@LakeZurich.org / 847-438-5141 x7200.

Respectfully,

VILLAGE OF LAKE ZURICH

COMMUNITY PROFILE

General Information

The Village of Lake Zurich is located in southwestern Lake County approximately 37 miles northwest of downtown Chicago. The Village is an established residential community which traditionally served as a market center for surrounding rural areas and, earlier in the 20th century, as a popular summer resort. The population has increased by more than five times since 1960, as the Village has shared in the economic growth that has come from an expanding Chicago metropolitan area. Lake Zurich has developed into a community with above-average wealth and housing values, and a balanced tax and revenue base.

Settlers first came to the area in the 1830's. George Ela settled in the area of Deer Grove, not far from Cedar Lake (now Lake Zurich) in 1935. Seth Paine, a Chicagoan, came to the area in 1836, and built a number of commercial establishments in what is now downtown Lake Zurich. New England farmers and German immigrants followed, and the Village was incorporated on September 19, 1896.

The Village grew slowly after its incorporation. The Palatine and Lake Zurich and Wauconda Railroad was built in 1910, but the line was discontinued in 1920. Rand Road (now U.S. Route 12) was paved through town in 1922, and helped establish Lake Zurich, with its rural setting and 250-acre lake, as a summer resort community. The east-west State Route 22, which also runs through Lake Zurich, was constructed in 1927. Population growth accelerated after World War II, with the Village's population increasing from 850 in 1950 to 3,458 in 1960, and further to 4,082 in 1970, 8,225 in 1980, and 14,927 in 1990 (up 81.5% from 1980). The 2000 Census reported a population of 18,104 up 21.3% from 1990. The Village estimates its current population at 19,932. The land area of the Village is 6.9 square miles.

The Village's municipal neighbors include North Barrington to the west, Deer Park to the south, Kildeer to the southeast and east, and Hawthorn Woods to the north. Transportation links include U.S. Route 12 and State Route 22, and freight rail service by the CN Railroad. Commuter train service to Chicago is available in Barrington, five miles from Lake Zurich. O'Hare International Airport is approximately 30 miles from the Village.

The Village is a non-home rule community that operates under the management form of municipal government as provided in 65 ICLS 5. Lake Zurich is governed by a President and a six-member Board of Trustees. All are elected at an at-large basis in non-partisan elections to overlapping four year terms. The Board and President are charged with (among other things) setting policy, passing ordinances, adopting the budget and hiring the Village Manager. In turn, the Village Manager oversees the day-to-day operations of the Village.

Population

The following table shows the population of the Village for the last five U.S. Censuses.

<u>U.S. Census</u>	<u>Population</u>
1970	4,082
1980	8,225
1990	14,927
2000	18,104
2010	19,631

Village Government

The Village of Lake Zurich is a non-home rule community that operates under the management form of municipal government as provided by 65 ILCS 5. The Village is governed by a Mayor and Board of six trustees, all of whom are elected on an at large basis to four-year overlapping terms. The Mayor is the chief executive officer of the Village. The Mayor presides at all Village Board meetings and may exercise voting rights under certain circumstances. He approves all of the ordinances, orders and resolutions passed by the Board of Trustees, and supervises the conduct of the officers of the Village (except Trustees). Below is list of the Village's Mayor and Board of Trustees.

	<u>Term Expires</u>
Mayor: Tom Poynton	2017
Village Clerk: Kathleen Johnson.....	2017
<u>Village Trustees</u>	
Jim Beaudoin.....	2017
Jeff Halen	2017
John Shaw	2019
Marc Spacone.....	2019
Jonathan Sprawka.....	2019
Dan Stanovich.....	2017

An appointed Village Manager is charged with the day-to-day responsibility of coordinating the activities of the Village departments by facilitating the work necessary to carry out the policies established by the Board. The following is a list of all Village Department heads under the direction of the Village Manager's Office, as slated for the 2016B budget:

Village Manager	Ray Keller
Finance Director	Jodie Hartman
Innovation Director / Technology	Michael Duebner
Police Chief	Steven Husak
Fire Chief	John Malcolm
Community Development Director	Vacant
Public Works Director.....	Mike Brown
Park and Recreation Manager	Bonnie Caputo

VILLAGE OF LAKE ZURICH, ILLINOIS

THE BUDGET PROCESS

The budget serves as a communications device, policy document, operations guide, and financial plan. As a communications device, it contains information pertaining to key issues facing the village, priorities of the village administration, major initiatives for the coming year, and more. As a policy document, it articulates and reflects major financial policies of the village. As an operations guide, it serves as the village's spending plan and indicates the level of services to be provided. As a financial plan, it includes information relative to debt service, revenue estimates and requirements, and future projects and needs.

The village's budget process spans over five months and consists of many steps. A descriptive summary of the budget process is provided below. The budget calendar for the village is also included at the end of this section.

The Annual Budget

The village's fiscal year previously ran from May 1st through April 30th. This budget represents a conversion year and runs from May 1st through December 31st, an eight month cycle, as the village is transitioning to a calendar fiscal year starting in 2017. The village establishes annual budgets for all of its funds except the Foreign Fire Tax Fund, the Police Pension Fund, and the Firefighters' Pension Fund. The village budget includes both revenues and expenditures.

The budget is prepared using the cash basis of accounting. Under this basis of accounting, revenues are recognized when received and expenditures are recognized when paid.

In Illinois, municipalities may conduct their financial operations within one of two alternative frameworks: the appropriation system (65 Illinois Compiled Statutes 5/8-2-9) or the budget system (65 Illinois Compiled Statutes 5/8-2-9.1 through 9.10). The budget system is a more flexible system as it permits a municipality to adjust its annual financial plan more easily as circumstances require. The village operates under the budget system.

State law requires that a municipality operating under the budget system adopt its annual budget prior to the start of the fiscal year to which it pertains.

The budget process began in December with the Interim Village Manager/Budget Officer and Finance Department distributing general budget guidelines to the various department directors. Departments then begin developing their budget requests and entering them into the village's budget software. Departments submit their budget requests to the Finance Department in early January. After the Finance Department develops revenue estimates and organizes the budget requests, the Interim Village Manager and Finance Director met with department heads to discuss their budget requests. The Interim Village Manager adjusted the proposed budget based upon findings from those meetings.

At the conclusion of the Interim Village Manager's budget review meetings, the Finance Director adjusted budget requests as directed by the Interim Village Manager and produced the proposed budget document. The proposed budget document is then submitted to the Village Board for review.

State law requires that a public hearing be conducted prior to the adoption of the budget. Notice of this hearing must be published in a newspaper of general circulation in the village. A majority vote of a quorum of the village board is required for adoption of the budget. The adopted budget must be filed with the county clerk within thirty days after its adoption.

As stated above, the budget system is a more flexible system than the appropriation system. The major feature of the budget system that makes it more flexible is administrative budget transfers. Pursuant to state law and the Village Code, the Budget Officer may transfer amounts within object classes budgeted previously to any department, board or commission. Administrative transfers of amounts between departments and between funds are not allowed without village board approval. Total budgeted expenditures in a fund may only be increased by a budget amendment approved by a two-third's vote of a quorum of the village board.

The legal level of budgetary control is the department level, or, where no departmental segregation of a fund exists, the fund level.

The Capital Improvements Plan

The village updated a capital improvements plan earlier this year, which is a five-year projection of capital projects, including infrastructure. The CIP is a stand-alone document, but it impacts upon the budget. For a project to be included in the CIP, it must involve the creation or purchase of a tangible asset with an original cost of at least \$10,000, and a useful life in excess of one year.

CIP projects proposed by village departments are reviewed by the Village Manager, Assistant Village Manager and the Finance Director. The projects are then submitted to the Village Board for review and acceptance. As stated above, the capital project requests are initiated through the budget process. However, in general, development of the CIP is less constrained than the development of the budget because the village makes no binding commitment to fund projects that are included in the CIP. Yet, those projects programmed for the first year of the CIP are most scrutinized by the village board because their funding must be addressed in the current year's budget process.

The Strategic Plan

The Strategic Plan is a comprehensive program of major goals for the village as a whole. The achievement of these goals requires interdepartmental cooperation.

In May, 2014, the Board of Trustees adopted the Lake Zurich Five Year Strategic Plan. Five major goals were established consisting of Financial Sustainability, Development, Infrastructure, Service Sustainability, and Civic Engagement. The close of the current fiscal year coincides with the completion of Year 2 of the Strategic Plan. The substantial progress which was accomplished in Year 1 of the Plan continued non-abated in Year 2. Development of the Strategic Plan Annual Report – Year 2 will begin shortly and be presented to the Board after the beginning of FY-2016B, and, as in the past, contain an in-depth discussion of goals and objectives accomplished. In that vein, briefly discussed below are only some of the accomplishments which have occurred in Year 2.

Goal #1 – Financial Sustainability

- Regional expansion of dispatch services
- New cell tower lease agreement with Verizon Wireless
- Intergovernmental agreement with Lake County for building inspections and plan reviews
- Fire/Rescue Department organizational analysis

Goal #2 – Development

- Block A – Streetscapes proposed development for high-end single-family homes in process
- Block C – Continued construction of Sommerset Townhomes development with proposal for luxury apartment unit component forthcoming
- K-Mart – Owner of property working with staff on proposed mixed-use rental development
- Comprehensive sign code regulation review in process
- Joined with Lake County Partners to develop quarterly retail gap
- 44 new businesses selected Lake Zurich for new location or expansion
- \$48 million of new construction

Goal #3 – Infrastructure

- Formal road resurfacing and patching program adopted and implemented
- All emerald ash borer infested parkway trees removed
- Formal analysis of the state of the Village's sanitary sewer system
- 115 miles of water system leaks surveyed with repairs resulting in 12,000 gallons per day saved
- \$145,000 invested in sidewalk improvements
- Grand Avenue and Partridge Lane stormwater improvements completed

Goal #4 – Service Sustainability

- Partnership agreement with Ela Township for the construction of shared salt dome
- Clothing and textile recycling program implemented with Solid Waste Agency of Lake County
- Service inventory near completion in order to identify all services delivered by Lake Zurich and attendant costs, residents served, etc. as a precursor to potential priority based budgeting

Goal #5 – Civic Engagement

- First time participation in the National Citizen Survey
- Multiple stakeholder participation in the sign code review project
- Numerous surveys launched to obtain resident input on multiple topics
- Implementation of the Police Bicycle Safety Program
- Recipient of the Illinois Policy Institute Sunshine Award for transparency

The 5-Year Strategic Plan provides a roadmap for elected officials and staff by setting specific goals and objectives in its continuous efforts to achieve the Village's vision as officially adopted in May of 2014. While it can be argued that an organization's vision is never fully reached, the Strategic Plan provides the focus and mechanism whereby progress is continuously measured and achieved, thus assuring the Village continues its progress toward its desired future state.

VILLAGE OF LAKE ZURICH, ILLINOIS

BUDGET CALENDAR

FISCAL YEAR 2016B

May 1, 2016 – December 31, 2016

December 2, 2015	Departments notified to begin budget request entry
December 7, 2015	2014 tax levy public hearing and adoption
January 4, 2016	Departments complete budget entry.
January 4, 2016	Five-year capital improvements plan presentation
January 18, 2016	Five-year capital improvements accepted
January 25 – February 3, 2016	First round of department review with management team
February 4 – 19, 2016	Management team review of requests
February 22 - 29, 2016	Second round of reviews by management team
March 7 - 18, 2016	Final review by management team of requests
March 23, 2016	Final changes for draft budget completed
April 1, 2016	Draft budget submitted to Village Board
April 7, 2016	Proposed budget available for inspection by public
April 9, 2016	Budget workshop
April 18, 2016	Public hearing on proposed budget
April 18, 2016	Board meeting for adoption of budget

VILLAGE OF LAKE ZURICH, ILLINOIS

FISCAL YEAR 2016B BUDGET LONG-TERM FINANCIAL POLICIES

Budgeting and Revenue Management

1. All governmental funds are budgeted on a cash basis. Depreciation is only budgeted within the Water and Sewer Proprietary Fund.
2. Capital purchases and debt service payments in the proprietary funds are budgeted as expenses. Proceeds from long-term debt in proprietary funds are recorded as "Other Financing Sources."
3. Budget authority lapses at year end.
4. The village maintains a broad-based, well diversified revenue structure.
5. Property tax levies are increased to capture all new or improved equalized assessed valuation (EAV) in the levy calculation. New EAV is defined as annexed property while improved EAV are permitted property improvements.
6. Based on the State's property tax cap regulations, property taxes are increased by no more than the lesser of 5% or the consumer price index change over the preceding year.
7. All village rates and fees are reviewed annually and adjusted if necessary.
8. The village will maintain a fund balance equal to 20% of expenditures in the General Fund.

Accounting and Financial Reporting

1. Issue a comprehensive annual financial report within 180 days of the end of each fiscal year that complies with generally accepted accounting principles.
2. Governmental funds will use the modified accrual basis of accounting, while proprietary funds use full accrual accounting.
3. Fixed assets purchased or acquired with an original cost of \$10,000 to \$250,000, depending upon classification, are capitalized and depreciated where appropriate.

Debt Management

1. The village is a non-home rule unit of local government, which means it is subject to statutory limits on the amount of general obligation debt outstanding.
2. When advantageous to the village, the type of debt to be issued is general obligation debt with annual abatements to the debt service levy based upon acquiring resources from alternate revenue sources.
3. Long-term debt is not to be issued to finance current operations.
4. The final maturity date of any debt will not exceed the useful life of the project funded.
5. The village issues long-term debt to fund only those capital improvements that cannot be financed from current revenues.

Cash Management and Investments

1. All investments shall conform to applicable state statutes governing the investment of public funds.
2. All deposits, certificates of deposit, and investments shall be collateralized at 110% of market value, with the collateral being held at a third party.
3. With the exception of U.S. treasury securities and authorized pools, no more than 25% of the portfolio may be invested in a single security or a single financial institution.
4. Investment maturities of the operating funds may not exceed three years unless matched to a specific cash flow.

**VILLAGE OF LAKE ZURICH, ILLINOIS
FISCAL YEAR 2016B BUDGET**

DESCRIPTION OF ACCOUNTING FUNDS

Based on recommendations from the Governmental Accounting Standards Board (GASB), local governments such as the village separate the accounting of revenue sources because of internal or external requirements and restrictions. For instance:

- The village cannot use motor fuel tax revenues to pay for public safety operations (statutory limitations).
- The village is restricted to use revenues from the hotel tax only for promotion of tourism, and not for general government purposes.
- The village may only use revenues from the non-home rule sales tax for maintenance and operations, repair, replacement, or reconstruction of village infrastructure.

Each fund is a self balancing set of accounts used to track the activity of specific revenues or series of revenues. Fund types that involve service delivery include the General Fund, special revenue funds and enterprise funds. These three fund types account for most of the village's service delivery. The General Fund is the largest fund and accounts for most primary services. Special revenue funds account for the proceeds of special revenue sources that are restricted or committed in use. Enterprise funds are used for those activities designed by the Board to operate on a self-funding basis, using accounting methods similar to business enterprises. The intent of an enterprise fund is to earn sufficient profit to insure the fund's continued existence without reliance on general tax revenues. Other fund types used are debt service, capital project and internal service funds. These funds account for transactions not related to service delivery. Instead, they account for financing, construction and inter-department services.

Governmental Funds

General Fund (101) – The main operating fund of the village. All financial resources are included in the General Fund unless required to be accounted for in another fund.

Special Revenue Funds – Governmental funds used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

- Motor Fuel Tax (202) – Monies collected on a per-gallon tax on motor fuel in Illinois and remitted to local governments on a per capita basis. By state law, expenditures in this fund are restricted to certain road maintenance activities.
- Hotel / Motel Tax (203) – Tax monies collected on a per room basis from hotels and motels. By village policy, expenditures in this fund are restricted to promoting tourism.
- Special Events Fund (207) – Accounts for the direct revenues and costs associated with various village sponsored special events, as well as fund transfers to provide additional funding.
- TIF #1 Tax Allocation (210) – Captures all revenues and fund transfers to pay for administrative costs to stimulate and induce redevelopment pursuant to the TIF act.
- TIF #2 Special Revenue (214) - Captures all revenues and fund transfers to pay for administrative costs to stimulate and induce redevelopment pursuant to the TIF act.

Debt Service Funds – Funds used to account for the accumulation of resources for the payment of general long-term debt principle and interest.

- Debt Service Fund (301) – Accounts for debt service for general village operations
- TIF Debt Service Fund (310) – Accounts for debt service for TIF-related operations.

Capital Projects Funds – Funds used to account for the financial resources to be used for the acquisition or construction of major capital facilities and equipment other than those financed by enterprise funds.

- Capital Projects Fund (401) – Provides resources for all village capital improvements that are not in the TIF districts or park improvement projects.
- Park Improvement Fund (402) – Provides resources for the improvement and maintenance of village parks.
- Non-Home Rule Sales Tax Project Fund (405) – Provides for the receipt of non-home rule sales tax funds and the expenditure of such on capital improvements.

Proprietary Funds

Enterprise Funds – Funds used to report on activity for which a fee is charged to external users for goods and services. Enterprise funds are self-contained units that are expected to recover all costs of operations

- Water and Sewer Fund (501) – Contains the resources to provide water and sewer services to village customers.

Internal Service Funds – Funds used to report any activity that provides goods or services to other funds, departments, or agencies of the village, its component units or to other governments on a cost recovery basis.

- Medical Self-Insurance Fund (601) – Captures the village share of health care premiums for covered village employees.
- Risk Management Fund (603) – Accounts for general village risk management insurance costs. Each department is charged on a cost recovery basis.
- Equipment Maintenance Fund (615) – Accounts for major capital purchases of governmental funds, such as vehicles, machinery and technology.

The following matrix depicts the departments that operate in each budgeted fund.

	General	Motor Fuel Tax	Hotel / Motel Tax	Special Events	TIF #1 Special Revenue	TIF #2 Special Revenue	Debt Service	TIF #1 Debt Service	Capital Projects	Park Improvement	Water/Sewer	Medical Self-Insurance	Risk Management	Equipment Replacement

WHERE YOUR PROPERTY TAX DOLLARS ARE BEING SPENT

For the 2014 Levy, the average Lake Zurich resident paid a property tax rate of 8.2 times the taxable valuation of property. These funds are then divided up among the various agencies with tax levies affecting Lake Zurich. Here is how the funds were distributed for the 2014 levy, paid in 2015.

VILLAGE OF LAKE ZURICH SHARE OF PROPERTY TAXES

Total Annual Property Taxes Paid by a Resident	\$ 4,000	\$ 6,000	\$ 8,000	\$ 10,000
Annual Property Taxes Paid to Lake Zurich	\$ 556	\$ 834	\$ 1,112	\$ 1,390

VILLAGE OF LAKE ZURICH

ORDINANCE NO. _____

AN ORDINANCE ADOPTING THE ANNUAL BUDGET
OF THE VILLAGE OF LAKE ZURICH
FOR ALL CORPORATE PURPOSES
FOR THE FISCAL YEAR COMMENCING MAY 1, 2016
AND ENDING DECEMBER 31, 2016

WHEREAS, the Village of Lake Zurich previously adopted Sections 8-2-9.1 through 8-2-9.10 of the Illinois Municipal Code, 65 ILCS 5/8-2-9.1 through 8-2-9.10, (“*State Budget Law*”) by a two-thirds majority vote of the Board of Trustees then holding office, in accordance with Section 8-2-9.1 of the State Budget Law; and

WHEREAS, the Village Manager, as the duly appointed Budget Officer of the Village of Lake Zurich, has compiled a budget containing estimates of revenues available to the Village, and expenditure recommendations, for the Village’s fiscal year commencing May 1, 2016, and ending December 31, 2016 (the “*2016B Fiscal Year*”), in accordance with the State Budget Law; and

WHEREAS, the Board of Trustees of the Village of Lake Zurich made a tentative annual budget for the 2016B Fiscal Year conveniently available to public inspection for at least 10 days prior to the passage of this Ordinance, in accordance with the State Budget Law; and

WHEREAS, not less than one week after publication of the tentative annual budget, and prior to final action of the Board of Trustees on the budget, the Board of Trustees held a public hearing on the tentative annual budget pursuant to notice of that public hearing given at least one week in advance of the time of the public hearing by publication in a newspaper having a general circulation in the Village, all in accordance with the State Budget Law; and

WHEREAS, the Board of Trustees have determined that all required and necessary processes and steps have been completed in accordance with applicable law for consideration and passage of an annual budget for the 2016B Fiscal Year;

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Lake Zurich, Lake County and State of Illinois, as follows:

Section 1. Recitals. The foregoing recitals are incorporated herein as findings of the Board of Trustees.

Section 2. Approval of Annual Budget for 2016B Fiscal Year. The Board of Trustees hereby approves an annual budget for the fiscal year commencing May 1, 2016 and ending December 31, 2016, in the form attached to and by this reference incorporated into this Ordinance as Exhibit A (the “*2016B Budget*”).

Section 3. Authority of Budget Officer. The Board of Trustees hereby delegates authority to the Village Manager, as the Village's Budget Officer, to delete, add to, change, or create sub-classes within object classes budgeted previously to any department, board, or commission.

Section 4. Effective Date. This Ordinance will be in full force and effect from and after its passage, approval, and publication in the manner provided by law. The Village Clerk is authorized and directed to file a certified copy of this Ordinance, together with a full and complete copy of the 2016B Budget adopted by this Ordinance, with the Lake County Clerk within 30 days after the adoption of this Ordinance.

PASSED this ____ day of _____ 2016.
