**Summary:** As a result of Illinois legislation mandating public safety dispatch center consolidation, the Lake County Emergency Telephone System Board (ETSB) commissioned a series of studies in 2013, 2015, and 2018. All of these concluded that public safety dispatch consolidation is a mutually beneficial path for public safety entities in Lake County and the communities they serve.

The most significant step toward regional dispatch consolidation occurred in October 2021 when the Lake County Board authorized entering into an agreement for the design and construction of a consolidated 911 center and Emergency Operations Center on the Lake County campus in Libertyville. The proposed design is scheduled to be complete at the end of 2022 with a goal of construction completion by 2026.

As consolidation efforts progress, all public safety dispatch centers in Lake County have been invited to participate in a future intergovernmental agreement establishing a new consolidation center for municipal partners. Each municipal partner is being asked to contribute \$50,000 to hire a project manager to develop this future intergovernmental agreement.
