8. NEW BUSINESS

A. Three Ordinances Designating, Approving, and Adopting TIF District #4 to Facilitate Future Infrastructure Investment and Economic Development in the Lake Zurich Industrial Park

Summary: In May 2022, the Lake Zurich Village Board approved a resolution of intent to proceed with the setup process for a potential TIF district in the industrial park. Throughout the summer of 2022, the Village worked with TIF consultants at Teska & Associates to complete the required eligibility report and redevelopment plan for this potential new TIF district.

The proposed TIF project area is a 409-acre site generally bounded by Route 22 on the south, consisting of property along the north side of Route 22 and located on Oakwood Road, Rose Road, Ensell Road, and Telser Road. This TIF district is primarily intended to fund aging infrastructure in the industrial park that will need replacement in the coming years, as well as future economic development opportunities.

In October 2022, the Lake Zurich TIF Joint Review Board reviewed the eligibility report and redevelopment plan, ultimately recommending approval of the proposed TIF district. The Joint Review Bboard agreed with the Village's assessment that an industrial TIF district as proposed would stimulate new economic development and infrastructure investment, ultimately benefiting all local governments and the community as a whole.

A public hearing for this proposed TIF District was held on November 21, 2022 and no objections were received. The three ordinances proposed for approval tonight will complete the TIF setup process.

Village Manager Ray Keller had no additional comments on the proposal. Mr. Keller thanked the Asst. to the Village Manager, Kyle Kordell, for his hard work on the TIF #4. There were no more comments from the Board.
