John Sfire, Deerpath Commons Retail center LLC, presented the petition for his tenant, the State of Illinois Department of Motor Vehicles (DMV) to operate a motor vehicle licensing and inspection office at 951 S. Rand Road in the Deerpath Commons Retail Center. They would occupy approximately 9,700 square feet. Mr. Sfire reviewed the issues raised by staff. He said there will not be any parking spaces behind the building, no CDL license testing, and the parking is adequate. He discussed the motorcycle license testing, which will require the loss of five parking spaces for a six-month period. He distributed a tentative site plan showing parking and the location for motorcycle testing, which will be cordoned off. Mr. Sfire anticipates small motorcycles or scooters will be used for the testing because the area is too small for full-sized motorcycles. He does not anticipate noise to be an issue. Discussion followed on what routes will be used for road tests for vehicles. Mr. Sfire said they will use main roads only and not residential streets. He had suggested using Route 12 to Cuba when he met with representatives of the DMV although no decisions had been made yet. He said the final approval of the route would be determined the police department.

Jeremy Lindberg, 567 Chesterfield, Barrington, had concerns about the route going past the school and the safety of the school children.
