Public hearing to consider a request for Special Use Permits and an Amendment to the Text of the Zoning Code to allow for the establishment of a microbrewery in the B-2 Central Business Zoning District. Detailed information is contained within the accompanying staff report and all exhibits submitted by the applicant. *Applicant – Mark Cook*

Mark Cook, current owner and operator of Mark Cook's Garden Center, presented his petition to convert his garden center into a microbrewery and tap room. He reviewed the site plan for the 2,000 square-foot brewery and bottling area, 1,900 square-foot tap room with bar and seating, 1,000 square-foot for brewery operations office space, and live entertainment stage for the entertainment area. A 2,000 square-foot outdoor seating area including 735 square-feet for rooftop seating are also proposed. There will be a legal agreement allowing parking in the Lions Club lot with a pedestrian walkway connecting them. Signage will be provided directing customers to the parking. A decorative or split-rail fence will be erected on the east side of the subject property for the protection of customers due to the proximity of the street and railroad tracks. He is considering having food trucks supply food at busier times such as on weekends. There will be indoor entertainment. He is considering hosting special events such as an October Fest celebration and is open to partnering with the Village. Tentative hours of operation are 12 p.m. - 10 p.m. Monday through Friday, 12 p.m. - 12 a.m. Saturday, and 12 p.m. - 4 p.m. Sunday.

Director Saher thought a decorative fence would provide a better barrier and provide better patron protection. Mr. Cook agreed to work with staff on fencing. Director Saher said staff does not anticipate a noise problem due to the configuration but noted that excessive noise would be regulated by the Village Code.

Marty Felson, 33 Harbor Drive, spoke in support of Mr. Cook and his project and asked for the PZC, the Village Board, and staff to be lenient when considering the project due to Mr. Cook's 35 years as a resident and successful business owner.
