The following new application was considered:

A. 27 South Shore Lane – Variation (PZC 2021-08)

Application to allow a new brick paver patio to extend into the 20-foot required rear yard setback on the property

Applicant and Owner: Nathan and Lauren Gustin

The application was presented by the homeowner, Mr. Nathan Gustin, who provided the justification for the requested variation to allow for a terrace (patio) to be constructed within the rear yard setback of the property. There were no objectors present in the audience and the PZC did not have any objection to granting the variation.

The Commissioners had a few clarifying comments and questions regarding the location of the fence in the rear yard and whether there were any neighbor concerns. The Applicants responded that the fence was just inside of the property line and that there were no neighbor concerns. The Applicants had submitted a letter with their application received from the owner to the rear (west) stating that they did not object to the construction of the patio.
