VILLAGE OF LAKE ZURICH PARK AND RECREATION DEPARTMENT

OPEN SPACE & RECREATION MASTER PLAN COMMUNITY SURVEY

The Park and Recreation Department is seeking your cooperative assistance in evaluating park and recreation services within the Lake Zurich community. The community phone survey will be used by the Village to help develop a Master Plan for its parks, recreation facilities and programming.

Leisure Vision, will be conducting a random statistically-valid community phone survey starting around February 16, 2011 and will continue for approximately a two week period until they have received a specific amount of responses from households. If you receive a phone call for this survey, we ask you please to take the time to respond to all the questions. Your responses will help measure the extent to which Lake Zurich's parks, recreation facilities, programs, and services meet the needs of the community and determine the needs for future facilities, amenities, services, and programs.

We thank you in advance for participating in our master plan process. Your input will help guide the future of the Village of Lake Zurich – improving the quality of life in our community for generations to come.

For further information, please contact Michael Perkins, Park & Recreation Director at (847) 540-5068 or email at perkins@volz.org.
