The Tunnel To Tower 5K Run/Walk series was created to honor the heroic life and death of Stephen Siller, a New York City firefighter who lost his life on September 11, 2001 after strapping on his gear and running through the Brooklyn Battery Tunnel To the Twin Towers. Our event honors all who lost their lives on September 11, 2001 and supports our first responders and military who make extraordinarily sacrifices in the line of duty.

Plant Based Eating: Tips & Tricks to Get Started - VIRTUAL

AGES: 18+ YEARS OLD

Are you embarking on a plant-based lifestyle for the first time? Maybe you have been thinking about looking into it after hearing so much about it. If so, you are probably wondering if salads are really the only thing you can eat! Never fear, there is so much more you can do with plants than just make salads. I've been doing this lifestyle since 2015 and while I know I have more to learn I've got some great tips, tricks and resources to share.

For instance, did you know there is non-dairy cheese alternatives? Yes! And they taste good. Don't get me wrong though, a plant-based lifestyle is not about swapping out one set of processed food items for another. Some of these things are considered plant-based junk food! You want to keep those to a minimum. But I know it can be lifesaving to have some easy things to eat on the run and some replacements for your old favorites. Because if you are feeling deprived and bored with plant-based eating you will not stick to it.

Join Karla Mans Giroux, Holistic Health Coach for a 90 minute class on how to get started, what swaps to make, what you can eat when on the go and how to keep plant-based eating interesting & sustainable.

CORONAVIRUS POLICIES AND PROCEDURES

NEW!

Program COVID Policies and Procedures:

We strive to make our programs as safe as possible for your learning experience, but we need your help! Please make sure you read all sections of this very carefully, as many of our policies and procedures have changed. As we all know, this situation seems to be ever changing and evolving, and our policies and procedures will change and evolve as needed. By adhering to the following guidelines we will reduce unnecessary risk and potential exposure to COVID.

- 1) I will not bring non-registered children or additional adults to class during my registered child's class time in order to maintain class size limits; parents or guardians should wait in their vehicle during class time.
- 2) I will not bring my child/children to class if they or I knowingly am visibly ill or have a temperature above 100.4 degrees or have come in contact with someone who is COVID-19 positive. We reserve the right to send a child home that displays signs of COVID-19.
- 3) I agree to wear a mask covering nose and mouth at all times inside the classroom and understand all persons over the age of 3 will be required to also wear a mask covering the nose and mouth at all times within the classroom;

- 4) I will maintain a six-foot distance from other class participants, and will encourage my child to remain with me during class times for the safety of my family as well as the other families in class;
- 5) I will use the restroom for hand washing or hand sanitizers upon coming in the door of the classroom, and continue to apply it to myself or my family in the event of eye, nose or mouth contact; and I understand the park and recreation department may require my and my child/children's temperature to be taken prior to being allowed to enter the classroom and participate in in-person classes;
- 6) No food or drink will be allowed into the building.
- 7) The Village of Lake Zurich will continue to follow all of the CDC and Governor Pritzker's Executive Orders including, but not limited to, group sizes.
