Certificate of Achievement for Excellence in Financial Reporting

Presented to

Village of Lake Zurich,
Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
April 30, 2005

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

September 19, 2006

To the honorable Acting Village President, Members of the Village Board and Citizens of the Village of Lake Zurich, Illinois:

State law requires that all general-purpose local governments publish, within six months of the closing of the fiscal year, a complete set of financial statements presented in conformity with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Village of Lake Zurich, Illinois.

This report consists of management's representations concerning the finances of the Village of Lake Zurich. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Village of Lake Zurich, Illinois has established an internal control structure that is designed both to protect the government's assets from loss, theft and misuse and to compile sufficient reliable information for the preparation of the Village's financial statements in conformity with generally accepted accounting principles (GAAP). The Village's internal control structure has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Village of Lake Zurich, Illinois financial statements have been audited by Lauterbach and Amen, a firm of licensed certified public accountants. Lauterbach and Amen concluded that the Village's financial statements for the fiscal year ended April 30, 2006, are fairly presented in conformity with generally accepted accounting principles. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of *Management Discussion and Analysis (MD&A)*. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Incorporated in 1896, the Village of Lake Zurich, Illinois is a non-home rule community that operates under the management form of municipal government as provided in Chapter 65, Article 5 of the Illinois Compiled Statutes. The Village is governed by a President and Board of six trustees, all of whom are elected on an at-large basis to four-year overlapping terms. Policy-making and legislative authority are vested in the Village Board. The Board is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring both the Village Administrator and Village Attorney. The Board is elected on a non partisan basis. Board members serve four year staggered terms, with three Board members elected every two years. The Village President and Clerk are elected to serve a four year term. An appointed Village Administrator is charged with the day-to-day responsibility of administering Board policy and supervising approximately 325 full and part time employees. The Village provides a full range of services, including administrative, financial, police and fire protection, public

works, water and sewer utilities, recreational activities, building and zoning inspections and cultural events.

Lake Zurich, located northwest of Chicago in Lake County, was one of the fastest growing communities over the past two decades. Today, the Village is a balanced community with a strong residential population, an industrial park and commercial corridor. Its location, along with the availability of inexpensive land spurred development of moderately priced housing units (2000 median home value \$225,100) compared to the "North Shore" communities to the east. This growth transformed the Village from a rural resort town into a traditional suburb. The population quadrupled since 1970 to 18,992 in the latest special census. Population growth is now slowing as available land for development is becoming limited. The Village expects to peak in the next few years at approximately 20,500 as less than 5% of residentially zoned land remains undeveloped. It is expected that the Village will continue to experience moderate growth, given its proximity to employment centers throughout the Chicago metropolitan area.

Annually the Village adopts a budget that defines its legal spending authority. Departments submit requests to the Village Administrator so that a budget may be prepared. The budget is prepared by fund, function and activity and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year. The budget is presented to the Village Board for review. The Village Board holds public hearings and may add to, subtract from, or change budgeted amounts. The Village's budget is adopted no later than April 30th, the close of the fiscal year.

Assessment of Economic Condition

The Village has enjoyed rising property values in Lake Zurich for the past five years. Equalized Assessed Values from 2000-2005 have risen on average approximately 8%. Lake Zurich was ranked the thirteenth wealthiest community, with a population of 10,000 or more, in the State of Illinois after the 2000 Census. Lake Zurich has a very strong retail sales tax base primarily located in the Rand Road Corridor. Super stores such as Costco, Home Depot, Wal-Mart and Target have helped to increase and bolster sales tax revenue in each of the last ten fiscal years by an average of 8%. The Village is also home to Peapod, a nationwide grocery delivery company. Peapods sales have increased significantly the last five years as the Village has a sales tax sharing incentive with Peapod. In 2002 the Village established a tax increment financing (TIF) district to revitalize the downtown district. The TIF included a planned residential community of 246 residential homes. At April 30, 2006 this residential development was complete. The Ela Township Assessor and Lake County Clerks office valued the TIF district at \$18,093,971 in Assessed Value. The increase in assessed value will generate \$1,131,958 in incremental property taxes. The increase in property taxes was more than \$500,000 over our anticipated budget amount and will provide enough dollars to pay for principal and interest on existing debt in the TIF district. The Village has also been working diligently on the start up of the first two phases of downtown revitalization. As of the date of this report all property has been acquired to develop phases I and II of the downtown. Furthermore, as of the date of this report construction has begun on Phase II of the downtown and phase I to begin in late fall 2006. The revitalization will also have a positive impact on the Village's General Fund as additional sales tax revenue and building permit revenue will be generated from the numerous phases of downtown redevelopment.

Long Term Financial Planning

A comprehensive 20 year street improvement plan was created by the Village's Engineering Department during 2006. The plan has identified residential and commercial streets in the Village and looks at the year it was previously surfaced and identifies the year that resurfacing should take place. Over a twenty year period, a cost of \$21,000,000 has been projected for residential street resurfacing. The street improvement plan will serve as a long term budgetary guide for capital street improvements. It will also be used to determine what types of new revenue sources may be needed to fund the street reconstruction program.

Major Initiatives

The Village Board again focused on and was successful in providing funding to upgrade and repair many of the Village's residential streets. The 2006 budget included \$1,000,000 in funding from the General Fund and MFT Fund to repave streets. The Illinois Department of Transportation began a \$31,000,000 street construction project commonly known as the Route 22 bypass. When the project is complete it will direct traffic out of the Village's downtown district helping to spur economic development in the downtown. The Route 22 bypass is scheduled to be completed in November 2006. The Village implemented a new and more modernized financial and accounting software package to assist with processing the day to day financial transactions of the Village. The Police Department continued its application for CALEA certification. CALEA certification is designed to recognize the department as a national leader in law enforcement, training and safety programs. CALEA accreditation is anticipated in November 2006. A grant from the Illinois Department of Natural Resources was obtained to help fund infrastructure improvements at Paulus Park. The grant for 400,000 will be matched by the Village using Park Improvement Donation Funds. The highlight of the improvement will be a spray pool to be enjoyed by children who use the park. The Fire Department was also successful in obtaining grant money. Two FEMA grants totaling approximately \$100,000, were obtained for Public Safety training and communication radio equipment.

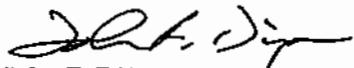

The Village's Water and Sewer Operating system again had many infrastructure upgrades identified in the 2006 budget. Two of the six deep wells used to provide drinking water to residents were upgraded to remove radium. A third well is currently being retrofitted and a fourth well is also anticipated to be completed in 2007. The Village was successful in obtaining a low interest Illinois EPA loan to help construct the third well and will be applying again to help finance the fourth well.

Awards and Acknowledgements

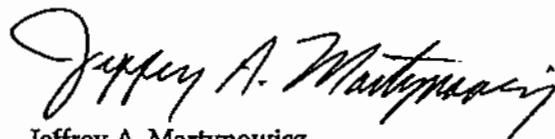

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Lake Zurich for its comprehensive annual financial report for the fiscal year ended April 30, 2005. In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized comprehensive annual financial report that satisfies both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. It is our belief the Village of Lake Zurich's current comprehensive annual financial report continues to meet the requirements of the Certificate of Achievement Program and we are submitting it to the GFOA to determine its eligibility for this award.

The Finance Department staff is to be congratulated for their dedication in performing their duties in a professional manner. Through their collective efforts the audit was completed in a timely fashion. Special thanks go to Assistant Finance Director, Albert Walczak, for his dedication in managing preparation of this report in compliance with GASB 34 reporting requirements. We also want to thank Acting Village President Tolomei and the Board of Trustees and Department Heads for their continued support.

Respectively Submitted,

John F. Dixon
Village Administrator

Jeffrey A. Martynowicz
Finance Director and Treasurer

INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Village's independent auditing firm.

INDEPENDENT AUDITORS' REPORT

September 6, 2006

The Honorable Village President
Members of the Board of Trustees
Village of Lake Zurich, Illinois

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Village of Lake Zurich, Illinois as of and for the year ended April 30, 2006, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Village of Lake Zurich, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Lake Zurich, Illinois as of April 30, 2006, and the respective changes in financial position and cash flows, were applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The combining and individual fund schedules, as well as the information listed as supplemental and schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Village of Lake Zurich, Illinois. Such information, except for that portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole.

Village of Lake Zurich, Illinois

September 6, 2006

Page 2

The Management's Discussion and Analysis and the other required supplementary information listed in the accompanying table of contents are not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted primarily of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion thereon.

The introductory and statistical information listed in the table of contents was not audited by us and, accordingly, we do not express an opinion thereon.

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

This section of the financial report is management's overview and analysis of the financial position and financial performance of the Village of Lake Zurich for the fiscal year ended April 30, 2006. It should be read along with the transmittal letter and financial statements for the most complete understanding of the Village of Lake Zurich's financial activities for the year.

FINANCIAL HIGHLIGHTS

- Total assets exceeded liabilities by \$117,773,537. Unrestricted net assets (net assets used to meet ongoing operations) totaled \$7,758,309. Restricted net assets totaled \$3,531,949. The majority of the net assets, the amount "Invested in Capital Assets, Net of Related Debt," amounted to \$106,483,279.
- Governmental net assets decreased \$2,063,915 and Business-Type Activities net assets increased \$496,913. The increase resulted primarily from the addition of infrastructure assets that were contributed by developers.
- Capital assets, net of \$39,076,759 of accumulated depreciation, amounted to \$130,274,855 at April 30, 2006. Assets capitalized include land, buildings and related improvements, machinery and equipment and infrastructure.
- Net debt increased \$5,110,678 during the current fiscal year. A \$355,509 IEPA loan was executed to primarily fund construction of waterworks and sewerage capital assets and a TIF Revenue Bond in the amount of \$10,000,000 was issued to pay for land acquisitions within the tax increment financing district. Existing debt was reduced by \$5,244,831.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Village of Lake Zurich's basic financial statements include the following: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. Also required is supplementary information provided that should be read in conjunction with the basic financial statements to further enhance the reader's knowledge and understanding of the Village of Lake Zurich's financial position.

Government wide statements

The government-wide statements are intended to provide a view of the financial position and operations of the Village of Lake Zurich in a manner similar to the private sector. These statements provide a long-term view of the financial position of the Village of Lake Zurich. The *Statement of Net Assets* reflects all of the Village's assets, liabilities, with the net difference between the two reported as net assets. Over time, the change in net assets may serve as a useful indicator to reflect the improving or deteriorating position of the Village.

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

The government-wide *Statement of Activities* reflects the change in Village net assets for the current year. These activities are reported on a full accrual basis. Thus revenues and expenses are recorded as they are incurred, regardless of when cash flow is affected. Both the *Statement of Net Assets* and the *Statement of Activities* include the Village's governmental and business-type activities. Governmental activities encompass general government, public safety, highways and streets, parks and recreation and economic development. In general, taxes and intergovernmental revenues support governmental funds. The business-type activities of the Village consist of water and wastewater operations, which are funded primarily from user fees. Revenues generated from water and sewer operations are intended to cover all or a significant amount of total costs.

Fund Financial Statements

The Village of Lake Zurich utilizes fund accounting. "A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives." Fund accounting is used to ensure compliance with specific finance and legal requirements and to provide a smaller, more detailed view of a sector of the government. The Village of Lake Zurich has three fund types; governmental, proprietary and fiduciary.

Governmental funds

Governmental funds included in the fund financial statements are fundamentally the same as those reflected in the government-wide statements. The major difference is that the fund statements focus almost entirely on the short-term with emphasis on fiscal responsibility with relation to the current budgetary year. As such, the statements are prepared on the modified accrual basis. A reconciliation provided on the face of the governmental fund financial statements provides those items that were used to convert the fund modified accrual basis to the governmental-wide full accrual basis.

The Village of Lake Zurich has four governmental funds to account for its governmental functions:

The General Fund is the general operating fund for the Village and is utilized to account for all activity that is not accounted for in another fund.

The Debt Service Fund accounts for the accumulation of financial resources to pay principal and interest for bond issues, including the debt generated by the establishment of the Tax Increment Financing District.

The Capital Projects Fund accounts for the financial resources used for the acquisition and construction of capital projects. This fund includes street construction costs financed by the motor fuel tax allocation and park and recreation facility improvements financed by park donations, grants and contributions.

The Downtown TIF Capital Projects Fund captures all the costs and revenue associated with the construction and improvements to the TIF district.

Budgetary comparisons are included at the fund level in the basic financial statements.

Proprietary Funds

The Village of Lake Zurich maintains one proprietary fund – the Waterworks and Sewerage Fund. As proprietary funds are reported on a full accrual basis, the Village of Lake Zurich fund statements for its Waterworks and Sewerage fund mirror the government-wide statements.

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

Fiduciary Funds

"Fiduciary Funds are used to account for resources held for the benefit of parties outside the government." Hence, fiduciary funds are not included in the government-wide statements. The Village of Lake Zurich has three fiduciary funds – the Police Pension Fund, the Firefighters Pension Fund, and the Performance Escrow Fund. Like proprietary funds, fiduciary funds are accounted for on a full accrual basis.

Notes to the Financial Statements

The notes to the financial statements provide information that is critical to the full understanding of the financial statements. The notes to the financial statement are on page 27 through 64 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, required supplementary information is available on page 65 through 71.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Assets

The combined net assets for the fiscal year ended April 30, 2006 totaled \$117,773,537 and consisted of positive net assets from both governmental activities and business-type activities of \$69,531,326 and \$48,242,211, respectively. The following is a summary of the Village's net assets at April 30, 2006:

	Governmental Activities		Business-type Activities		Total	
	FYE06	FYE05	FYE06	FYE05	FYE06	FYE05
Current and other assets	\$ 31,337,151	\$ 25,429,363	\$ 5,766,027	\$ 5,633,182	\$ 37,103,178	\$ 31,062,545
Capital assets	82,953,375	83,543,760	47,321,480	46,733,063	130,274,855	130,276,823
Total assets	114,290,526	108,973,123	53,087,507	52,366,245	167,378,033	161,339,368
Long-term liabilities outstanding	32,702,233	26,948,198	3,425,155	3,557,224	36,127,388	30,505,422
Other liabilities	12,056,967	10,429,684	1,420,141	1,063,723	13,477,108	11,493,407
Total liabilities	44,759,200	37,377,882	4,845,296	4,620,947	49,604,496	41,998,829
Net assets:	69,531,326	71,595,241	48,242,211	47,745,298	117,773,537	119,340,539
Invested in capital assets, net of						
related debt	63,037,308	67,029,970	43,445,971	42,723,063	106,483,279	109,753,033
Restricted	3,531,949	1,654,521	-	-	3,531,949	1,654,521
Unrestricted	2,962,069	2,910,750	4,796,240	5,022,235	7,758,309	7,932,985
Total net assets	\$ 69,531,326	\$ 71,595,241	\$ 48,242,211	\$ 47,745,298	\$ 117,773,537	\$ 119,340,539

The most sizable asset for the Village of Lake Zurich is its capital assets, most noticeably its infrastructure. Since the Village's capital assets, particularly its infrastructure, need to remain intact these assets are not sellable. Therefore, any outstanding debt must be extinguished from operating revenue sources.

Statement of Activities

The change in net assets, which is indicative of the Village's financial position, was a reduction of \$1,567,002 due to a reduction of capital grant revenue and increased expenditures in the areas of public safety and economic development as compared to the previous year. The governmental

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

activities generated decreases of \$2,063,915 and business-type activities generated increases of \$496,913, respectively for a net reduction of \$1,567,002.

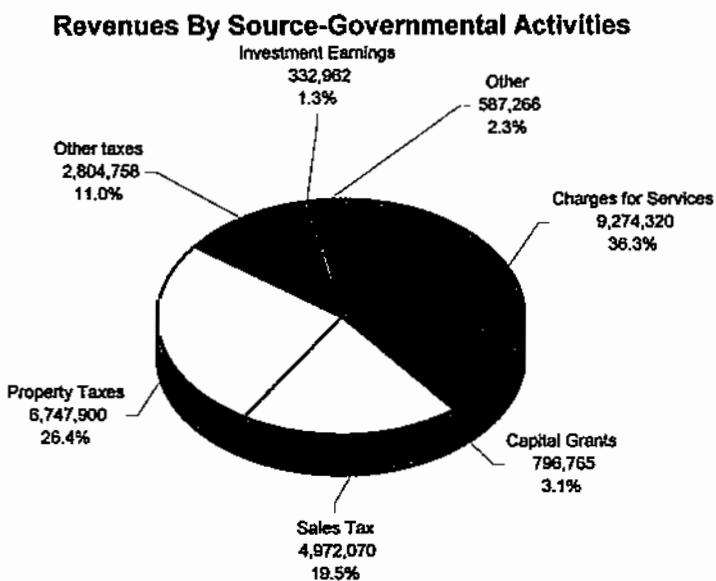

The following is a summary of changes in the Village's net assets for the fiscal year ended April 30, 2006:

	Governmental Activities		Business-type Activities		Total	
	FYE06	FYE05	FYE06	FYE05	FYE06	FYE05
Revenues:						
Program revenues:						
Charges for Services	\$ 9,274,320	\$ 7,188,257	\$ 4,970,094	\$ 4,507,218	\$ 14,244,414	\$ 11,695,475
Capital grants	796,765	3,678,879	-	2,300,184	796,765	5,979,063

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

Governmental Activities -

Governmental activities resulted in a \$2,063,915 decrease in net assets. This is \$7,142,785 lower than FYE05 increase of \$5,078,870.

Total revenues of \$25,516,041 decreased from last year by \$144,488. The decrease was due mainly to the following:

- The reduction in contributions of capital grants totaling \$796,765 in FYE06 versus \$3,678,879 in FYE05.

Expenses of \$27,579,956 were higher than last year by \$5,587,090 due primarily to:

- An increase in economic development costs in the Downtown TIF. More specifically, environmental cleanup of two gas stations and a \$2,000,000 payment of site clean up work for a residential development in the TIF district.
- Increases in public safety expenditures as police and firefighter collective bargaining agreements were ratified in fiscal year 2005/2006 with retroactive salaries included.

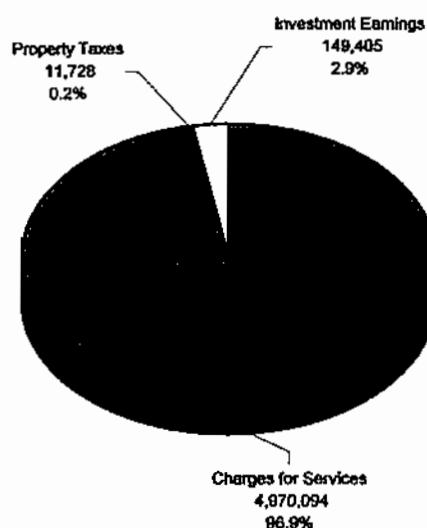

From an operations standpoint, the Village was able to defer expenditures in the area of highways and streets as improvements for the Route 22 bypass and Rose Road expansion projects were deferred into the 2006/2007 fiscal year. The residential street improvement program also came in under budget during the year.

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

Revenues By Source-Business-type Activities

Business Type Activities -

Business-type activities resulted in a \$496,913 increase in Village net assets for the fiscal year. The gain is net of \$1,454,388 in annual depreciation expense which is not budgeted. Elements of the increase are as follows:

- The Village implemented a 14.6% rate increase in its water and sewer charges. The increase is expected to help pay for improvements to the Village's deep water wells and help pay additional debt service needed for utility under grounding at the Route 22 bypass.
- Developer contributed infrastructure assets in the amount of \$1,001,918 created a significant amount of revenue to help pay for ongoing capital improvements.
- Interest income increased by \$69,750 due to increasing interest rates on idle cash.
- An operating transfer out of \$1,411,207 that occurred in fiscal year 2005 did not re-occur in fiscal year 2006.

FINANCIAL ANALYSIS OF GOVERNMENT FUNDS

Governmental Funds -

As noted earlier, the focus of fund reporting is the short-term inflow and outflow of expendable resources. Fund balance is a useful indicator in assessing available resources with respect to meeting future obligations.

At April 30, 2006, governmental funds reported combined fund balances of \$21,897,676. Of this amount, \$5,808,991 is unreserved and is available for future obligations. The reserved fund

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

balance of \$16,088,685 is comprised of the following: \$12,247,212 reserved for prepaid items and land held for resale, \$45,700 reserved for public safety expenditures, \$309,524 is reserved for future debt service payments, \$1,768,934 for the payment of future Tax increment financing interest payments, \$1,217,121 for improvements to the Tax increment financing district and \$500,194 to maintain the working cash reserve in compliance with legal requirements.

The General Fund is the Village's primary operating fund. During FYE06 fund balance increased \$156,714. A large part of the increase resulted from capital and operating expenditures that were eliminated or deferred until 2007. Project expenditures deferred include the Rose Road extension and street signal work at the Route 22 bypass. Operating expenditures were reduced in the area of contractual services and commodities.

The Debt Service Fund has a positive fund balance of \$2,078,458 that is restricted entirely for the payment of future debt service. The Capital Improvements Fund and the Downtown TIF Fund have positive fund balances of \$2,201,914 and \$13,218,554, respectively. The Capital Improvements fund balance will be used for street and park improvements and additions. The Downtown TIF fund balance is earmarked exclusively to fund improvements to the downtown tax increment financing district including land purchases.

Proprietary Funds -

The focus for the proprietary fund at the fund level is synonymous with that found at the government-wide level. Reporting is on a full-accrual basis with short-term and long-term emphasis on financial data. The Waterworks and Sewerage Fund is the sole proprietary fund for the Village of Lake Zurich. This fund records all financial activity relating to the municipality's water and sewer operations. The Waterworks and Sewerage Fund provides the same type of information in the government-wide financial statements reflected as "Business-Type" activities, but in more detail.

GENERAL FUND BUDGETARY HIGHLIGHTS

The emphasis of the FY06 budget was on residential street improvements including construction and engineering. General fund revenues remained primarily flat in the areas of property taxes and sales taxes over fiscal year 2005. The General Fund saw increases in state income tax and the fire service contract. Collectively, these two items were over budget by \$340,048. Interest income was also over budget by \$124,241. The General Fund benefited from a number of projects being deferred or delayed during the budget year. Projects such as Rose Road construction and Route 22 bypass utility work were delayed including engineering. The deferred expenditures in the highways and streets budget totaled \$955,019. The General Fund in total had a positive net change in fund balance of \$156,714. At April 30, 2006 the General Fund had a fund balance of 20% of total expenditures.

One budget amendment in the amount of \$400,000 was made during fiscal year 2006. This amendment was to increase the amount the Village received from the fire district to pay for personnel and other operating costs. A referendum to increase the fire district property tax rate was successful in April 2005 and consequently meant additional funding to assist the Village in paying for fire department operating costs.

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

CAPITAL ASSETS

The Village of Lake Zurich's investment in capital assets, net of accumulated depreciation, amounted to \$130,274,855 at April 30, 2006. The investment includes land, buildings, improvements, machinery and equipment, vehicles and infrastructure as follows:

	Governmental Activities		Business-type Activities		Total	
	FYE06	FYE05	FYE06	FYE05	FYE06	FYE05
Land and Improvements	\$ 30,424,846	\$ 30,433,992	\$ 249,652	\$ 249,652	\$ 30,674,498	\$ 30,683,644
Building and Improvements	10,433,464	10,720,811	-	-	10,433,464	10,720,811
Machinery & Equipment	3,114,256	3,325,277	466,284	398,402	3,580,540	3,723,679
Infrastructure	38,980,809	39,063,680	46,605,544	46,085,009	85,586,353	85,148,689
Total	\$ 82,953,375	\$ 83,543,760	\$ 47,321,480	\$ 46,733,063	\$ 130,274,855	\$ 130,276,823

Capital additions for the year totaled \$3,382,036 and included the following major additions:

- \$154,819 – Machinery and Equipment:
 - A generator and switching equipment in the amount of \$62,650 was purchased to replace outdated equipment at Well #8. Communications equipment was upgraded in the Fire Department in the amount of \$92,168. This purchase was supported by a federal grant obtained by the Fire Department.
- \$1,060,999 - Street Construction Projects:
 - Street upgrades and construction costs were funded from a combination of motor fuel tax allotments and operational revenue. Major road capital improvements included full depth grinding and replacement of pavement (including extensive curb, gutter and sidewalk replacement) for Berkshire Lane, Foxmoor Lane, Regency Drive, Betty Drive, Braemar Lane, Chesterfield Lane, Huntington Drive, Millbrook Drive, Red Haw Lane and Richmond Circle. Capital additions also included \$12,108 of road and signalization improvements to the Oakwood Road/Midlothian intersection and Rose Road improvements of \$168,135.
- \$1,645,518 - Well Improvements:
 - The second of four Village wells (Well #10) that were earmarked for ion exchange installation was completed in FY06 with residual costs of \$936,419. Ion exchange installation is necessary to reduce radium levels of finished water to meet the Illinois Environmental Protection and the Federal Safe Drinking Water Act compliance standards. It is anticipated that Well #8 and #12 be complete by the end of FY07. At April 30, 2006, Well #8 and Well #10 had accumulated costs of \$1,100,878 and \$1,179,706 respectively.

Additional information on the Village's capital assets is presented in the notes to the basic financial statements.

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

DEBT ADMINISTRATION

During FYE06, a \$355,509 IEPA Loan was issued to fund construction of waterworks and sewerage capital assets. In addition, a \$10,000,000 TIF Revenue Bond was issued for TIF land acquisitions. The bond was also used to help pay for development site cleanup and pay down a TIF line of credit (notes payable) with a local bank.

Outstanding long-term debt at April 30, 2006 is as follows:

	Governmental Activities		Business-type Activities		Total	
	FYE06	FYE05	FYE06	FYE05	FYE06	FYE05
General Obligation Bonds	\$ 6,970,000	\$ 8,560,000	\$ -	\$ -	\$ 6,970,000	\$ 8,560,000

Note Payable	3,774,706	6,485,964	-	-	3,774,706	6,485,964
Installment Contracts	1,418,573	1,872,146	-	-	1,418,573	1,872,146
Total	<u>32,163,279</u>	<u>26,918,110</u>	<u>3,875,509</u>	<u>4,010,000</u>	<u>36,038,788</u>	<u>30,928,110</u>

As of the last bond issue, the Village bond rating remained A-1. The Village also remains in compliance with the statutorily required legal debt margin of 8.625% of Assessed Valuation. Additional information on the Village's long term liabilities is presented in the notes to the basic financial statements.

TAX INCREMENT FINANCING DISTRICT - TIF

A Tax Increment Financing District was established in Lake Zurich in March of 2002. During FYE03, the issuance of \$10,000,000 in Tax Increment bonds was authorized in two separate bond issues of \$5,800,000 and \$4,200,000. In June 2005 a \$10,000,000 TIF Revenue Bond was issued and the Village continues to utilize a line of credit (notes payable) to help acquire additional properties. At April 30, 2006 the balance on the line of credit was \$3,774,706. The proceeds from the bonds and notes are used to pay for land acquisition and economic development cost in the downtown district which is centered at the intersection of Main Street (Route 22) and Old Rand Road. Incremental real estate taxes generated by the value added to the property tax base, along with enhanced sales tax revenues, are earmarked to repay the loans. To date \$110,046 of incremental taxes have been received. In May 2006 the Lake County Clerks office confirmed the Village will receive approximately \$1,130,000 in incremental property taxes during the 2006/2007 fiscal year. This amount is anticipated to increase substantially over the coming years. At April 30, 2006, approximately \$20,500,000 of TIF funds was expended for TIF downtown improvements, including \$1,000,000 for the Promenade, \$800,000 for Streetscape improvements, \$12,300,000 for land acquisitions, \$4,000,000 for developer reimbursement for redevelopment costs, and \$2,400,000 for contractual and consulting expenditures.

VILLAGE OF LAKE ZURICH

MANAGEMENT'S DISCUSSION AND ANALYSIS

April 30, 2006

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The Illinois Department of Revenue has certified the CPI used for calculating the Villages Tax Levy to be 3.4%. It is anticipated the CPI increase along with the value of new construction will bring in approximately \$350,000 of new revenue.
- The Village will continue to benefit from residential and commercial development. Building permit revenue continues to be strong as dictated by the Village budget. In the future the Village will need to develop a plan to replace most of this revenue as development will eventually slow. The last two years have produced building permit revenue in excess of \$1,000,000 each year.
- The Village is experiencing heavy construction at the intersection of Route 22 and Route 12 and the construction of the Route 22 bypass that will take traffic out of the downtown district. The construction is scheduled to be completed in November 2006. Once construction is complete it will have a positive effect on the redevelopment efforts in the downtown. The construction projects may increase sales tax revenue as traffic flow will be increased with the ability to move through the Village more efficiently.
- The Village again will be contending with increases to health insurance and other operating costs. Increases to premiums may be in the 15% range.
- Substantial capital expenditures and capital replacement will continue in the water and sewer enterprise. Radium removal for Well #8 and Well #12 will be ongoing and additional utility under groundings for the Route 22 bypass will be completed.

The above factors were taken into consideration and budgeted for in the fiscal year 2006/2007 budget. As noted under budgetary highlights, the Village has increased its fund balance by \$156,714. At April 30, 2006 the fund balance of the General Fund was 20% of total expenditures. The level of fund balance is the highest it has been in five fiscal years. The strengthening of fund balance is a result of a more positive local economy and tighter budgetary controls during the year.

The Water/Sewer Fund continues to have very strong cash balances. At April 30, 2006 the fund had a cash balance of 5,073,718. The fund also had unrestricted net assets of \$4,796,240. Unrestricted net assets are 106% of operating expenses. The strong level of cash balances and net assets will continue to help enhance the long term replacement needs of the Water/Sewer enterprise.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village of Lake Zurich's financial position and activities for the fiscal year ended April 30, 2006. Questions and requests for additional information should be directed to the Finance Director, Village of Lake Zurich, 70 E. Main Street, Lake Zurich, Illinois 60047.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the Governmental Accounting Standards Board. The sets of statements include:

- Government-wide Financial Statements
- Fund Financial Statements
 - Governmental Funds
 - Proprietary Funds
 - Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF LAKE ZURICH, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of
Governmental Funds to the Statement of Activities**

Year Ended April 30, 2006

Net Change in Fund Balances - Total Governmental Funds \$ 4,380,532

Amounts reported for governmental activities in the statement of activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
statement of activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital outlays - capitalized	1,339,231
Infrastructure/land contributions from developers	-
Depreciation expense	(1,929,616)

The net effect of various transactions involving capital assets
is to decrease net assets

Disposals - cost	(18,042)
Disposals - accumulated depreciation	18,042

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Reduction of compensated absences payable	30,094
Additions to net pension obligation payable	(512,941)
Issuance of notes payable	(1,843,742)
Retirement of notes payable	4,555,000
Retirement of installment contract	453,573
Issuance of TIF revenue bonds payable	(10,000,000)
Retirement of general obligation bonds	1,590,000

Changes to accrued interest on long-term debt in the statement of activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

Changes in Net Assets of Governmental Activities (2,063,915)

The notes to the financial statements are an integral part of this statement.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Lake Zurich, Illinois, incorporated in 1896, is a municipal corporation governed by an elected president and six-member Board of Trustees. The Village's major operations include police and fire safety, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, waterworks and sewerage services, parks and recreation and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB Pronouncements. Although the Village has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Village has chosen not to do so. The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:	Village of Lake Zurich
Blended Component Units:	Police Pension Employees Retirement System
	Firefighters' Pension Employees Retirement System

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 14, "The Financial Reporting Entity," and includes all component units that have a significant operational or financial relationship with the Village.

Blended Component Units - Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the Village Council or the Component unit provides services entirely to the Village. These component units' funds are blended into those of the Village's by appropriate activity type to compose the primary government presentation.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements **April 30, 2006**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

REPORTING ENTITY - Continued

Blended Component Units

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a pension trust fund.

Firefighters' Pension Employees Retirement System

The Village's sworn firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of these employees and is governed by a nine-member pension board. The Village's President, Treasurer, Clerk, Attorney and Fire Chief, one elected pension beneficiary and three elected firefighters constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the FPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's sworn firefighters. The FPERS is reported as a pension trust fund.

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Village's police and fire safety, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, parks and recreation, and general administrative services are classified as governmental activities. The Village's waterworks and sewerage services are classified as business-type activities.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements

April 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Statements – Continued

In the government-wide Statement of Net Assets, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Village's net assets are reported in three parts: invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, public works, etc.). The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (general government, public safety, public works, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property tax, sales tax, intergovernmental revenues, interest income, etc.).

The Village allocates indirect costs to the proprietary funds for personnel who perform administrative services for those funds, along with other indirect costs deemed necessary for their operations, but are paid through the General Fund.

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net assets resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements – Continued

A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and records all of the Village's general obligation and TIF debt activity.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains two major capital projects funds, the Capital Improvements Fund, and the Downtown TIF Fund. The Capital Improvements Fund accounts for the acquisition of general capital assets by the Village including infrastructure capital assets. The Downtown TIF Fund accounts for activities associated with improvements within the Tax Increment Financing District.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements – Continued

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the Village:

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity is (a) financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Waterworks and Sewerage Fund, a major fund, accounts for the provision of water and sewer services to the residents and businesses of the Village.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

Pension Trust Funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's police force. The Firefighters' Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's Fire Department.

Agency Funds are used to account for assets held by the Village in a purely custodial capacity. The Escrow Performance Fund accounts for refundable deposits held by the Village to ensure the completion of public improvements by private parties.

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (pension trust and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net assets.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting – Continued

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary, pension trust and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap-on fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

Cash and Investments

For the purpose of the Statement of Net Assets, cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows", cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less. Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, and franchise taxes. Business-type activities report utility charges as their major receivables.

Prepays /Inventories – Land Held for Resale

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepays. Inventory of land held for resale is valued at cost using the specific identification method, and is recognized as an expenditure when sold/consumed.

Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 to \$250,000, depending on classification, are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in governmental capital assets. Infrastructure such as streets, traffic signals and signs are capitalized. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by the governmental activities) the government chose to include all such items regardless of their acquisition date. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY - Continued

Capital Assets – Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land	N/A
Land/Land Improvements	20 - 30 Years
Buildings	45 Years
Building Improvements	10 – 30 Years
Vehicles	3 – 25 Years
Machinery & Equipment	10 – 30 Years
Computers/Software	5 Years
Furniture & Fixtures	5 – 20 Years
Infrastructure	40 – 50 Years

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement. The liability for these compensated absences is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements

April 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY - Continued

Unearned Revenue

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Fund Equity

In the government-wide financial statements, equity is classified as net assets and displayed in three components:

Invested in capital assets, net of related debt—Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets—Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with generally accepted accounting principles. All departments of the Village submit requests for budgets to the Village Administrator so that a budget may be prepared. The budget is prepared by fund, function, and activity, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year. The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change budgeted amounts, but may not change the form of the budget.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

BUDGETARY INFORMATION - Continued

Prior to May 1, the budget, which by State law also serves as the appropriation ordinance, is adopted by the Board of Trustees and constitutes the legal budget of the Village. The Village Administrator is authorized to transfer budgeted amounts between departments within any fund; however, the governing body must approve any revisions that alter the total expenditures of any fund. State statutes establish that expenditures may not legally exceed budgeted appropriations at the fund level. Appropriations lapse at the end of the fiscal year. During the year, one supplemental appropriation was necessary. The Village does not budget for the Firefighters' Pension Fund.

EXCESS OF ACTUAL EXPENDITURES/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures/expenses, exclusive of depreciation, over budget as of the date of the report:

Fund	Excess
Debt Service	\$ 4,995,886
Capital Improvements	26,293
Police Pension	43,199
Fire Pension	88,240

NOTE 3- DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds, except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments". In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments - Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Funds, and the Illinois Metropolitan Investment Fund.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 3- DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS – Continued

The deposits and investments of the Pension Funds are held separately from those of other Village funds. Statutes authorize the Pension Funds to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois Bonds; pooled accounts managed by the Illinois Public Treasurer, or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies and separate accounts of life insurance companies provided the investment in separate accounts does not exceed ten percent of the pension fund's net assets. Pension funds of at least \$5 million that have appointed an investment advisor may, through that investment advisor, invest up to forty-five percent of the plan's net assets in common and preferred stocks that meet specific restrictions.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Village's deposits for governmental, business-type, and agency activities totaled \$9,397,682 and the bank balances totaled \$9,793,036.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 3- DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS – Continued.

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Investments. The Village has the following investment fair values and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)	
		Less Than 1	1 to 5
Federal Home Loan Bank	\$ 1,811,987	592,749	1,219,238
Federal Home Loan Mortgage Corp	215,000	215,000	-
Illinois Metropolitan Invsetment Fund	1,405,515	1,405,515	-
Illinois Funds	1,639,541	1,639,541	-
	<hr/>	<hr/>	<hr/>
	5,072,043	3,852,805	1,219,238

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village's investment policy states that the investment portfolio shall remain sufficiently liquid to enable the Village to meet all operating requirements which may be reasonably anticipated in any fund. Investment maturities will not exceed fourteen months unless the funds invested are earmarked for a special purpose.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in security instruments authorized under State Statute, the Village's investment policy further states that investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. At year-end, the Village's investments U.S. Government Agencies are all rated AAA by Standard & Poor's, and the Village's investment in the Illinois Funds and the Illinois Metropolitan Investment Fund were rated AAAm by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy states that time deposits in excess of FDIC or SAIF insurable limits be secured by some form of collateral. Eligible collateral instruments and collateral ratios (market value divided by deposit) are as follows:

Government Securities	110%
Federal Agencies	110%
Federal Instrumentalities	110%
Obligations of the State of Illinois	110%
Village General Obligation Bonds	110%

NOTE 3- DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Third party safekeeping is required for all collateral. To accomplish this, the securities can be held at the following locations: a Federal Reserve Bank or its branch office at another custodial facility – generally in a trust department through book-entry at the Federal Reserve, unless physical securities are involved or by an escrow agent of the pledging institution. Safekeeping will be documented by an approved written agreement. At year-end, \$797,252 of the bank balance of deposits was not covered by collateral, federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village's investment policy states that third party safekeeping is required for all securities. To accomplish this, the securities can be held at the following locations: a Federal Reserve Bank or its branch office, at another custodial facility – generally in a trust department through book-entry at the Federal Reserve, unless physical securities are involved, by an escrow agent of the pledging institution, or by a financial institution on the Illinois State Treasurer's approved list of safekeeping banks. Safekeeping will be documented by an approved written agreement. This may be in the form of a safekeeping agreement, trust agreement, escrow agreement or custody agreement. At year-end, the Village's investments in U.S. Government Agencies are all insured or registered with the Village or its agent in the Village's name and the Village's investment in the Illinois Fund and the Illinois Metropolitan Investment Trust are noncategorizable.

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy states that investments shall be diversified to eliminate the risk of loss resulting in over concentration in a specific maturity, issuer, or class of securities. At year-end, the Village has over 5 percent of the total cash and investment portfolio (other than U.S. Government guaranteed obligations) invested in the Illinois Funds and the Illinois Metropolitan Investment Fund.

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Fund's deposits totaled \$1,023,788 and the bank balances totaled \$1,023,787.

VILLAGE OF LAKE ZURICH, ILLINOIS

DEPOSITS AND INVESTMENTS - Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Investments. The Fund has the following investment fair values and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)		
		Less Than 1	1 to 5	6 to 10
U.S. Treasury Notes	\$ 2,696,330	478,380	1,254,307	963,643
Federal Home Loan Banks	296,640	-	-	296,640
Federal Home Loan Mortgage Corp	293,150	-	-	293,150
		3,286,120	478,380	1,254,307
				1,553,433

Interest Rate Risk. The Fund's investment policy does not mitigate interest rate risk.

Credit Risk. The Fund's investment policy states that safety of principal is the foremost objective of the Pension Board. Each investment transaction shall seek to first ensure that capital losses are avoided, whether they be from securities defaults or erosion of market value. The Fund's investment policy helps limit its exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. At year-end, the Fund's investments in U.S. Government and Agency securities were all rated AAA rated by Standard & Poor's.

Custodial Credit Risk. The Fund's investment policy states that investments of the Board shall be clearly held and accounted for to indicate ownership by the Board. The Fund will direct the registration of securities in its own name or in the name of a nominee created for the express purpose of registration of securities by national or state bank or trust company authorized to conduct a trust business in the State of Illinois. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance. Furthermore, the Fund's investment in U.S. Treasury and Agency securities are categorized as insured, registered, or held by the Fund or its agent in the Fund's name.

Concentration Risk. The Fund's investment policy does not mitigate concentration risk. In addition to the securities and fair values listed above, the Fund also has \$2,462,530 invested in mutual funds and \$986,195 invested in insurance contracts. At year-end, the Fund has no investments over 5 percent of net plan assets available for retirement benefits (other than U.S. Government guaranteed obligations).

Concentration Risk. The Fund's investment policy does not mitigate concentration risk. In addition to the securities and fair values listed above, the Fund also has \$3,031,084 invested in mutual funds and \$193,809 invested in insurance contracts. At year-end, the Fund has over 5 percent of net plan assets available for retirement benefits (other than U.S. Government guaranteed obligations) invested in Dodge and Cox Mutual Fund (\$512,129), Vanguard Institutional Mutual Fund (\$915,468), and AXA Enterprise Mutual Fund (\$504,894).

PROPERTY TAXES

Property taxes for 2005 attach as an enforceable lien on January 1, 2005, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Lake County and are payable in two installments, on or about May 1, 2006, and September 1, 2006. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

Depreciation expense of \$1,454,388 was charged to business-type activities for waterworks and sewerage.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements **April 30, 2006**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund Balances

The composition of interfund balances as of the date of this report, is as follows:

Receivable Fund	Payable Fund	Amount
General	Debt Service	\$ 147,375
Police Pension	General	162
		<u>147,537</u>

Interfund balances are advances in anticipation of receipts.

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
Debt Service	Downtown TIF	\$ 6,507,635

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

LONG-TERM DEBT

Notes Payable

The Village has entered into a loan agreement to provide funds for the acquisition of land parcels within the tax increment financing districts. The lender has agreed to make loan advances in the aggregate amount of not more than \$10,000,000. The loan is evidenced by a mortgage note in the same principal as the advances then outstanding. The note payable interest is at a variable rate based upon the prime rate. At April 30, 2006 the prime rate is 7.75% and the amount outstanding on the notes payable \$3,774,706. Interest on the notes payable is due semiannually and principal is not due until the maturity date, although the Village may make advance payments. The notes are secured by the acquisition of land parcels within the tax increment financing districts of the Village.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

General Obligation TIF Alternate Revenue Bonds

The Village issues general obligation tax increment financing alternate revenue bonds to provide funds for the acquisition and construction of tax increment financing projects. General obligation tax increment financing alternate revenue source bonds provide for the collection, segregation and distribution of certain taxes received by the government for the payment of principal and interest on the general obligation tax increment financing alternate revenue bonds. General obligation tax increment financing alternate revenue bonds currently outstanding are as follows:

Issue	Fund Debt Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
General Obligation TIF Alternate Revenue Bond Series of 2002, due in annual installments of \$155,000 to \$385,000 though Dec. 15, 2021, plus interest at 5.0% to 6.0%	Debt Service	\$ 3,970,000	-	-	3,970,000

General Obligation Waterworks and Sewerage Alternate Revenue Bonds

The Village issues general obligation waterworks and sewerage alternate revenue bonds to provide funds for the acquisition and construction of waterworks and sewerage capital projects. General obligation waterworks and sewerage alternate revenue source bonds provide for the collection, segregation and distribution of revenues received by the government for the payment of principal and interest on the general obligation waterworks and sewerage alternate revenue bonds. General obligation waterworks and sewerage alternate revenue bonds currently outstanding are as follows:

Issue	Fund Debt Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
General Obligation Waterworks and Sewerage Alternate Revenue Bond Series of 2002, due in annual installments of \$170,000 to \$240,000 plus interest at 4.00% to 4.25% through December 15, 2012	Waterworks and Sewerage	\$ 1,655,000	-	180,000	1,475,000
General Obligation Waterworks and Sewerage Alternate Revenue Bond Series of 2003B, due in installments of \$225,000 to \$275,000 plus interest at 2.50% to 2.625% through May 1, 2011	Waterworks and Sewerage	1,735,000	-	230,000	1,505,000
Taxable General Obligation Waterworks and Sewerage Alternate Revenue Bond Series of 2003D, due in installments of \$80,000 to \$100,000 plus interest at 3.35% to 4.75% through May 1, 2011	Waterworks and Sewerage	620,000	-	80,000	540,000
		4,010,000	-	490,000	3,520,000

IEPA Loans

The Village, through the Illinois Environmental Protection Agency, received a low interest loan for the construction of waterworks and sewerage capital assets. IEPA loans currently outstanding are as follows:

Issue	Fund Debt Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
IEPA Loan of 2006, due in annual installments plus interest through June 15, 2026	Waterworks and Sewerage	\$ -	355,509	-	355,509

TIF Revenue Bonds

The Village issues bonds where the Village pledges incremental tax income derived from a separately created tax increment financing district. These bonds are not an obligation of the government and are secured by the incremental tax revenue generated within the district. Tax increment bonds outstanding are as follows:

Issue	Fund Debt Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
TIF Revenue Bond Series of 2005A, due in annual installments of \$50,000 to \$825,000 through Dec. 15, 2024, plus interest at 3.75% to 4.0%	Debt Service	\$ -	8,500,000	-	8,500,000
TIF Revenue Bond Series of 2005B, due in annual installments of \$100,000 to \$350,000 through Dec. 15, 2014, plus interest at 4.30% to 4.80%	Debt Service	-	1,500,000	-	1,500,000
		-	10,000,000	-	10,000,000

Installment Contracts

The government enters into installment contracts to provide funds for the acquisition of capital assets. Installment contracts currently outstanding are as follows:

Issue	Fund Debt Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
Fire Engine Pumper Installment Contract of 1997, due in annual installments of \$23,573 plus interest at 5.20% through January 15, 2007	General	\$ 47,146	-	23,573	23,573
Vehicle Purchases Installment Contract of 2002, due in annual installments of \$190,000 to \$210,000 plus interest at 2.0% to 3.0% through August 1, 2007	General	615,000	-	200,000	415,000
Equipment Purchases and Construction Installment Contract of 2004, due in annual installments of \$230,000 to \$255,000 plus interest at 3.25% through December 15, 2009	General	1,210,000	-	230,000	980,000
		1,872,146	-	453,573	1,418,573

Non-Commitment Debt

The Village has issued Industrial Development Revenue Bonds (IDRBs) to provide financial assistance to private organizations for the construction and acquisition of industrial and commercial property deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from the payments received on the underlying mortgage loans on the property. The Village is not obligated in any manner for the repayment of the bonds. Accordingly, the bonds outstanding are not reported as a liability on these financial statements. As of the date of this report, there was one IDRB outstanding with a principal amount of \$1,580,000.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

Defeased Debt

In prior years the government defeased revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payment on the old bonds. Since the requirements that normally satisfy defeasance have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the government's basic financial statements. Defeased Waterworks and Sewerage bonds of \$170,000 remain outstanding as of the date of this report.

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Governmental Activities					
Compensated Absences	\$ 709,620	30,094	60,188	679,526	135,905
Net Pension Obligation	1,505,965	512,941	-	2,018,906	-
Notes Payable	6,485,964	1,843,742	4,555,000	3,774,706	-
Installment Contracts	1,872,146	-	453,573	1,418,573	463,573
General Obligation Bonds	8,560,000	-	1,590,000	6,970,000	1,115,000
GO TIF Alternate Revenue Bonds	10,000,000	-	-	10,000,000	445,000
TIF Alternate Revenue Bonds	-	10,000,000	-	10,000,000	-
	29,133,695	12,386,777	6,658,761	34,861,711	2,159,478
Business-type Activities					
Compensated Absences	46,530	-	-	56,258	11,612
IEAP Loan	-	355,509	-	355,509	-
GO Waterworks and Sewerage					
Alternate Revenue Bonds	4,010,000	-	490,000	3,520,000	495,000
	4,056,530	355,509	490,000	3,931,767	506,612

Payments on the general obligation bonds are made by the Debt Service and Waterworks and Sewerage Fund. The Debt Service Fund makes payments on the tax increment alternate revenue bonds, revenue bonds and notes payable. Payments on the installment contracts are made by the General Fund. The Waterworks and Sewerage Fund makes payments on the IEPA Loan. Also, for the governmental activities, compensated absences are generally liquidated by the general fund.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. These risks are provided for through a limited self-insurance program and private insurance coverage. The Village is self-insured for medical, dental, and life insurance benefits. Under this program, the General Fund provides coverage up to a maximum of \$40,000 per individual's claims paid. Current year risk-financing activities are accounted for in the General Fund. There were no significant changes in insurance coverage from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount of claims that have been incurred but not reported (IBNR). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and social factors.

Changes in the balances of claims liabilities are as follows:

	Year Ended April 30	
	2006	2005
Claims Payable - Beginning	\$ 118,900	210,000
Claims Incurred	1,741,461	1,629,096
Claims Paid	(1,653,398)	(1,720,196)
Claims Payable - Ending	206,963	118,900

Intergovernmental Risk Management Agency (IRMA)

The Village also participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an organization of municipalities and special districts in Northeastern Illinois which have formed an association under the Illinois Intergovernmental Cooperations Statute to pool its risk management needs. The agency administers a mix of self-insurance and commercial insurance coverages; property/casualty and workers' compensation claim administration/litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs; and a risk information system and financial reporting service for its members.

The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds. Each member assumes the first \$2,500 of each occurrence, and IRMA has a mix of self-insurance and commercial insurance at various amounts about that level.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements

April 30, 2006

NOTE 4 - OTHER INFORMATION – Continued

RISK MANAGEMENT – Continued

Intergovernmental Risk Management Agency (IRMA) – Continued

Each member appoints one delegate, along with an alternate delegate, to represent the member on the Board of Directors. The Village does not exercise any control over the activities of the Agency beyond its representation on the Board of Directors.

Initial contributions are determined each year based on the individual member's eligible revenue as defined in the by-laws of IRMA and experience modification factors based on past member loss experience. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. Supplemental contributions may be required to fund these deficits.

CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system; the Police Pension Plan which is a single-employer pension plan; and, the Firefighters' Pension Plan, which is also a single-employer pension plan. Separate reports are issued for the Police and Firefighters' Pension Funds and may be obtained by writing to the Village at 70 E. Main Street, Lake Zurich, IL 60047-3226. However, IMRF does issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements **April 30, 2006**

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Plan Descriptions, Provisions and Funding Policies

Illinois Municipal Retirement System

All employees (other than those covered by the Police and Firefighters' Pension plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The Village is required to contribute the remaining amount necessary to fund the IMRF plan as specified by statute. The employer rate for calendar year 2005 was 10.05 percent.

Police Pension Plan

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

At fiscal year end the Police Pension Plan membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits	7
Current Employees Vested and Nonvested	37
	44

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 4 – OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS - Continued

Plan Descriptions, Provisions and Funding Policies - Continued

Police Pension Plan - Continued

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2033 the Village's contributions must accumulate to the point where the past service cost for the Police Pension Plan is fully funded.

Firefighters' Pension Plan

The Firefighters' Pension Plan is a single-employer defined pension plan that covers all sworn fire personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

At fiscal year end the Firefighters' Pension Plan membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits	2
Current Employees Vested and Nonvested	53
	55

Firefighters' Pension Plan – Continued

The following is a summary of the Firefighters' Pension Plan as provided for in Illinois State Statutes.

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the monthly salary attached to the rank at the date of retirement. The pension shall be increased by 1/12 of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service, to a maximum of 75% of such monthly salary. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly pension of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2033 the Village's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is fully funded.

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the provisions of the plan.

Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

VILLAGE OF LAKE ZURICH, ILLINOIS

Notes to the Financial Statements April 30, 2006

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS - Continued

Summary of Significant Accounting Policies and Plan Asset Matters - Continued

Significant Investments

There are no investments (other than U.S. Government and U.S. Government - guaranteed obligations) in any one organization that represent 5 percent or more of net assets available for benefits for either the Police or Firefighters' Pension Plans, except as below. Information for IMRF is not available.

Firefighters' Pension Fund	Amount
Dodge and Cox Mutual Fund	\$ 512,129
Vanguard Institutional Mutual Fund	915,468
AXA Enterprise Mutual Fund	504,894

Related Party Transactions

There are no securities of the employer or any other related parties included in plan assets.

Annual Pension Cost and Net Pension Obligation

The IMRF Plan did not have a net pension obligation at the front or end of the fiscal year. The amount of the pension liability for the Police and Firefighters' Pension plans is as follows:

	Police Pension	Firefighters' Pension	Totals
Annual Required Contribution	\$ 332,670	440,098	772,768

Trend Information

Employer annual required contributions (ARC), actual contributions and the net pension obligation (NPO) are as follows. The NPO is the cumulative difference between the ARC and the contributions actually made.

	Year	Illinois Municipal Retirement	Police Pension	Firefighters' Pension
Annual Pension Cost (APC)	2004	\$ 231,664	\$ 265,773	\$ 471,572
	2005	392,300	336,248	442,916
	2006	467,841	416,444	494,764
Actual Contributions	2004	\$ 231,664	\$ 141,219	\$ 354,418
	2005	392,300	132,988	132,988
	2006	467,841	154,285	294,371
Percentage of APC Contributed	2004	100.00%	53.14%	75.16%
	2005	100.00%	39.55%	30.03%
	2006	100.00%	37.05%	59.50%
Net Pension Obligation	2004	\$ -	\$ 407,292	\$ 857,125
	2005	-	531,686	974,247
	2006	-	734,724	1,284,182

SUBSEQUENT EVENT

On July 1, 2006, the Village issued \$2,050,000 General Obligation Bonds, Series 2006 due in annual installments of \$50,000 to \$700,000 plus interest at 4.0% through maturity on December 15, 2014.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Schedule of Funding Progress
 - Illinois Municipal Retirement Fund
 - Police Pension Fund
 - Firefighters' Pension Fund
- Employer Contributions
 - Illinois Municipal Retirement Fund
 - Police Pension Fund
 - Firefighters' Pension Fund
- Budgetary Comparison Schedule – General Fund

Notes to the Required Supplementary Information

Budgetary Information – Budgets are adopted on a basis consistent with generally accepted accounting principles.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund is a major fund and accounts for all financial resources except those required to be accounted for in another fund.

DEBT SERVICE FUND

The Debt Service Fund is a major fund and accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

CAPITAL IMPROVEMENTS - CAPITAL PROJECTS FUND

The Capital Improvements Fund is a major fund and accounts for all resources used for the acquisition of general capital assets including infrastructure capital assets.

DOWNTOWN TIF - CAPITAL PROJECTS FUND

The Downtown TIF Fund is a major fund and accounts for all activities associated with improvements within the Tax Increment Financing District.

WATERWORKS AND SEWERAGE – ENTERPRISE FUND

The Waterworks and Sewerage Fund is a major fund and is used to account for the provision of potable water and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

POLICE PENSION – PENSION TRUST FUND

The Police Pension Fund is a fiduciary fund and is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.

FIREFIGHTERS' PENSION - PENSION TRUST FUND

The Firefighters' Pension Fund is a fiduciary fund and is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the fire department at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.

ESCROW PERFORMANCE – AGENCY FUND

The Escrow Performance Fund is a fiduciary fund and is used to account for refundable deposits held by the Village to ensure the completion of public improvements by private developers.
