MEDIA RELEASE

Single Family Home Fire

5-25-16

The Lake Zurich Fire Rescue Department responded to a residential structure fire at 1360 Louise Court in the Village of Lake Zurich. The first fire unit arrived at 21:34 and reported heavy smoke from the roof area of the residence. The fire appears to have originated in the attic space above the garage with smoke and fire damage occurring to the attic, roof and interior living area. The fire resulted in the home becoming uninhabitable. There were no injuries reported and the Red Cross was assisting the occupants with temporary living arrangements.

The Lake Zurich Fire/Rescue Department received assistance, through the Mutual Aid Box Alarm System (MABAS) from the Arlington Heights, Barrington, Barrington Countryside, Buffalo Grove, Cary, Countryside, Lake Forest, Lincolnshire, Long Grove, and Palatine Fire Departments at the scene. The Fox River Grove and Wheeling fire departments provided station coverage.

Lake Zurich Fire Rescue Department would like to remind residents to continue checking their smoke detectors. A properly operating smoke detector increases early detection, and your chances of surviving a deadly fire.

Any further questions should be directed to the Lake Zurich Fire Rescue Department, the fire is under investigation at this time, and no damage estimate is available.
